ATS Management: Maintain regular updates on JazzHR, optimizing the Applicant Tracking System to streamline recruitment processes.

This role reflects a dynamic blend of strategic leadership, recruitment prowess, and stakeholder engagement, contributing significantly to Axtia's success in the competitive landscape.

DISYS (Former name of Dexian)

Aug 2019 –May 2022

Lead US Recruitment (Fintech and financial services)

Responsibilities:

My role as the Lead Recruitment – Vertical at Dexian was pivotal in delivering exceptional recruitment services to key clients:

Positions: Data Engineer, Oracle EBS Developer, Oracle cloud (FSCM, HCM, SCM), Oracle EPM, Oracle apps DBA, Oracle Apex, BI Analyst & developer, Data Analyst, Data Analytics, Java, .Net,

Devops, Quality Testing, Database developer and DBA, Big Data, Data Science and Analytics, Cloud (AWS, Azure, GCP), Cyber Security, Product Manager/ Owner, Full stack

Client Growth and Achievement: Developed FIS Global from ground zero, closing 80% of open positions during a challenging period in 2020, achieving \$250 GP. Secured 5 offers in 2 months for American Express, contributing to \$145 GP. Consistently achieved 1-2 offers per month for the State of Florida. Successfully closed roles for Rooms to Go and Airlines Reporting Corp during a freezing phase at FIS Global.

Direct Hiring Manager Accounts: Managed direct hiring manager accounts for Rooms to Go and Airlines Reporting Corp, securing 4 offers in 2 months.

Specialized Recruitment: Focused on recruiting for full-time roles, including Windows Systems Engineer, AWS Engineer, Cyber Security, DevOps Engineer, and more for Jackson Hewitt.

SOW Hiring: Instrumental in winning the deal with FIS Global to initiate Statement of Work (SOW) hiring.

Client Interaction: Actively participated in supplier calls, intake meetings, and spotlight calls, collaborating closely with hiring managers to understand role specifics and requirements.

Sourcing Excellence: Utilized various channels for sourcing, including Dice, Monster, CB, Indeed, LinkedIn, and ZipRecruiter. Leveraged LinkedIn for passive hiring, maintaining talent pipelines in Data Science, Data Engineering, Java, .Net, and Salesforce.

End-to-End Recruitment Management: Oversaw comprehensive recruitment processes, including sourcing, advertising positions, rate negotiations, interview follow-ups, onboarding, and coordination for background checks and drug tests.

Consultant Care: Demonstrated a commitment to consultant care every month, ensuring a high level of engagement and satisfaction.

My tenure at Dexian exemplifies my strategic approach to recruitment, client relationship management, and the ability to drive results in dynamic and challenging environments.

Xavient Digital Powered by TELUS International (Onsite, India)

Sr. US Recruitment & Lead
2019

Nov 2014-Jun 2016 & Jan 2017-Mar

(Banking and Telecom clients)

Clients served: *Union Bank, Charter Communications, Comcast, Dish, The Home Depot*

Responsibilities:

As the Recruitment Lead at Xavient Digital, I spearheaded the strategic recruitment initiatives for Charter Communications, a high-volume and top-revenue client. My achievements and responsibilities include:

Client Management: Managed the recruitment delivery for Charter Communications, achieving recognition as the top performer with the highest number of joining in a year, totaling approximately 80 offers.

Roles Recruited For:

Java Developer (with Xfinity)

Testing (Manual / Automation)

Project Manager

Hadoop Developer

Versatile Recruitment: Conducted end-to-end recruitment for diverse positions, including Java Full Stack Developer, Manual Tester, Automation Tester with Xfinity wireless experience, UI Developer, Hadoop Developer/Admin, Oracle Developer/DBA, and Testers with Telecom Order Management Systems experience.

Strategic Client Engagement: Conducted daily meetings with the client engagement manager to stay abreast of current needs, ensuring agile and effective recruitment strategies.

Job Specifications and Approval: Crafted detailed job specifications, obtaining necessary approvals before posting on various career sites, ensuring alignment with client requirements.

LinkedIn Recruiter Expertise: Leveraged LinkedIn Recruiter for sourcing niche roles, contributing to the identification of top-tier talent.

Screening and Interview Facilitation: Scheduled internal screening calls with technical panels, coordinating interviews with hiring managers for shortlisted candidates.

Comprehensive Onboarding: Managed the onboarding process, including reference checks, and facilitated background checks and drug tests. Collaborated with IT and Admin teams to provide logistical support for new employees.

Reporting and Conversion: Submitted detailed reports to HR and PMO for new hire candidates, showcasing transparency and accountability. Successfully processed the full-time conversion of contractual candidates upon completing 6 months.

Continuous Client Interaction: Initiated daily meetings with the client engagement manager, maintaining open communication channels for updates and ensuring responsiveness to evolving needs.

Proactive Talent Sourcing: Sourced the best profiles from various job portals, strategically posting positions on diverse channels, including LinkedIn.

Efficient Full Cycle Management: Conducted end-to-end recruitment processes, from initial screening to interview coordination, onboarding, and overseeing background checks and drug tests.

Commitment to Quality: Ensured quality submissions and maintained a high scorecard for recruitment activities.

My tenure reflects not only recruitment excellence but also a commitment to client satisfaction, fostering strategic partnerships, and delivering results that contribute to the success of both candidates and the organization.

Tekshapers, MI (Onsite in Noida)

Feb 2012 – Oct 2014

Senior US Recruiter

Responsibilities:

As a Recruitment Lead at Tekshapers, I played a pivotal role in driving the organization's talent acquisition strategies and achieving remarkable milestones. My responsibilities and achievements include:

Diverse IT Hiring: Spearheaded recruitment efforts for a wide range of IT requirements, demonstrating proficiency in hiring for roles such as Java Developer, Database Developer/Admin, Data Warehouse roles, Infrastructure roles, Project/Program Manager, Scrum Master, SAP roles, and Oracle Apps.

Performance Recognition: Within the first year, emerged as one of the top 3 performers, leading to a promotion to Senior Recruiter. Continued stellar performance led to achieving the highest number of offers in the subsequent year, resulting in a promotion to Team Lead.

Coaching and Mentorship: Mentored junior recruiters, providing guidance on analysing requirements and teaching effective recruitment strategies. Shared insights and expertise to enhance the skills of the recruitment team.

Tier-1 Client Engagement: Successfully handled hiring for Tier-1 clients and implementation partners, contributing to the organization's growth and reputation in the industry.

Portal Expertise: Utilized various recruitment portals such as TechFetch, Dice, Monster, CareerBuilder, LinkedIn, and Google groups for targeted and effective resume searches.

Contractual Expertise: Managed contract, contract-to-hire, and full-time positions, demonstrating versatility in addressing different staffing needs for clients and partners.

Negotiation Proficiency: Negotiated rates and fees with third-party vendors before client submissions, showcasing strategic acumen to maximize the company's margin.

End-to-End Recruitment Cycle: Led the complete recruitment cycle, from creating comprehensive candidates' profiles to confirming interviews and placements. Utilized various Vendor Management Systems for efficient and organized processes.

Client Interaction: Maintained daily interaction with Preferred Vendors, fostering strong relationships and incorporating feedback for continuous improvement in the submission and hiring processes.

My tenure at Tekshapers reflects not only recruitment leadership but also a commitment to continuous improvement, mentorship, and a results-driven approach that contributed to the organization's growth and success in the competitive IT staffing landscape.
