PROFESSIONAL SUMMARY

Senior **SAP FIORI ABAP Consultant** with **12+ years of experience** designing, developing, and delivering scalable, high-performance SAP solutions across **ECC 6.0** and **S/4HANA** landscapes. Deep expertise in **ABAP OO**, **SAP Fiori/UI5 (Freestyle & Fiori Elements)**, **RAP (RESTful ABAP Programming Model)**, **OData services**, and **SAP BTP extensions**. Proven success in full-cycle implementations, system migrations, cloud integrations, and performance optimization while collaborating closely with functional and technical stakeholders.

CORE SKILLS

- SAP ABAP / ABAP OO / RAP (RESTful ABAP Programming Model)
- SAP Fiori / SAPUI5 (Freestyle & Fiori Elements)
- OData Services (SEGW, CDS, RAP BOs)
- SAP S/4HANA, ECC 6.0
- CDS Views, AMDPs, HANA SQL
- SAP BTP (BAS, Extensions, CPI, Integration Suite)
- SAP Gateway / NW Gateway
- JavaScript, HTML5, CSS, jQuery
- GitHub, ATC, SAP Readiness Check
- Performance Optimization, Security & SAP Best Practices

PROFESSIONAL EXPERIENCE

City of Toronto – Ontario, Canada	May 2019 – Nov 2024
SAP ABAP / FIORI UI5 Lead – ERP Specialist	Dec 2023 – Nov 2024
• Led end-to-end SAP ABAP and Fiori/UI5 development for large-scale ECC 6 to S/4HANA migration, covering development, integration, testing, and quality assurance streams. • Designed, built, and enhanced custom ABAP programs aligned with S/4HANA coding standards and SAP clean-core principles. • Architected and implemented OData services using SEGW and RAP, supporting scalable and future-ready SAP Fiori applications. • Developed CDS Views, AMDPs, RAP BOs, and optimized HANA SQL to improve application performance and data retrieval efficiency. • Built Freestyle UI5 and Fiori Elements applications using SAP Business Application Studio, Web IDE, and Eclipse. • Configured, deployed, and administered applications on SAP BTP and S/4HANA Fiori Launchpad, ensuring secure access and role-based authorizations. • Created adaptation projects in BAS to extend Fiori apps without modifying core SAP objects. • Delivered SAP BTP integration scenarios, enabling real-time data exchange with external financial platforms. • Designed and implemented SAP CPI iFlows to replicate employee data from SuccessFactors to S/4HANA, ensuring reliability and data integrity. • Conducted unit testing, integration testing, ATC checks, and code reviews across 20+ RICEFW objects. • Used SAP Readiness Check to analyze custom code compatibility and drive remediation efforts. • Collaborated closely with functional consultants and business stakeholders to translate user stories into technical solutions across multiple domains. • Leveraged GitHub for version control, improving collaboration, traceability, and deployment efficiency.	

SAP UI5 Fiori & ABAP – System Development Specialist

May 2019 – Nov 2023

- Developed and enhanced **SAP Fiori/UI5 applications** using **ABAP OO, OData services, CDS Views, and RAP-based architecture**.
- Built **responsive, intuitive user interfaces** using Smart Filter Bar, Smart Table, Smart Form, Smart Field, and Fiori Elements.
- Designed and extended **standard SAP Fiori applications**, adding custom fields and UI behavior using view extensions and UI5 fragments.
- Supported and enhanced **SAP BTP extension scenarios** to modernize existing SAP landscapes.
- Optimized **WM-related Fiori applications**, improving response time by **30%** through debugging and performance tuning.
- Configured **Fiori Launchpad target mappings and tiles**, enhancing navigation and overall CX.
- Troubleshoot and optimized **SAP CPI iFlows and Groovy scripts**, strengthening integrations between **SuccessFactors and ECC/S/4HANA**.
- Maintained **technical and user documentation**, improving onboarding efficiency by **35%**.
- Provided **production support**, ensuring **99.9% system uptime** and rapid incident resolution.

Trident Group – Punjab, India

Apr 2012 – Feb 2019

Senior SAP Consultant

Apr 2016 – Feb 2019

- Conducted technical feasibility studies and architecture design for **SAP Fiori/UI5 implementations** across multiple SAP backend systems.
- Designed and delivered **10+ custom SAP Fiori applications** (Transactional, Analytical, Fact Sheets) to streamline business processes.
- Developed **ABAP reports (Classical & ALV), enhancements, BAPIs, BADIs, Smart Forms, SAP Scripts**, and OData services.
- Designed KPI dashboards using **Smart Chart controls**, enabling real-time business insights.
- Implemented **mobile-enabled Fiori applications** using Cordova plugins for QR code scanning in maintenance scenarios.
- Delivered **proof-of-concepts (POCs)** for SAP and non-SAP integrations and developed end-to-end solutions.

SAP Consultant – ECC 6 End-to-End Implementation

Apr 2014 – Mar 2016

- Led development of **SAP Fiori and ABAP applications** across WM, SD, MM, HR, PP, and FICO modules.
- Configured **Fiori Launchpad catalogs, groups, roles, and authorizations**.
- Integrated SAP and non-SAP systems using **PI/PO, IDOCs, SAP Proxies, JDBC, FTP, SFTP, and SOAP adapters**.
- Enhanced standard IDOCs to support customer-specific requirements.
- Supported **unit testing, integration testing, UAT, and production deployments**.

Software Developer

Apr 2012 – Mar 2014

- Designed and developed **real-time machine execution systems** integrated with SAP, PLCs, and multiple machine databases.
- Gathered business requirements, authored functional and technical specifications, and delivered end-user training.
- Provided **go-live and post-production support** to ensure smooth adoption.

EDUCATION

Bachelor of Computer Science, Panjab University, India

2008-2011
