PROFESSIONAL SUMMARY

Master level student pursuing a Master's in Computer Information Systems at Boston University and seeking an internship as a Software Developer/Engineer to apply and expand technical knowledge. With over 2 years of experience in Full-Stack development and cloud environments.

SKILLS & INTERESTS

Programming Languages: TypeScript, JavaScript, C#, HTML, CSS, SQL, NoSQL

Frameworks & Libraries: React, Vite, Next.js, Node.js, Express, Nest.js, Astro, React Native, ASP.Net, TypeORM, Tailwind CSS

Databases: MySQL, PostgreSQL, MongoDB, OracleDB

Tools & Others: Postman, Jira, Azure, Agile, SCRUM, GitHub Copilot, Cursor AI, Linux

Languages: Spanish (Fluent), English (Proficient)

Interests: Open-source contribution, Gaming, Working Out

EDUCATION

Boston University

Boston, MA

Ms in Computer Information Systems (IT Project & Product Management)

September 2025 - March 2027

Instituto Tecnológico de Santo Domingo (INTEC)

Santo Domingo, Dominican Republic

Bachelor of Science: Software Engineering

August 2020 - August 2024

WORK EXPERIENCE

Plaza Lama (E-Commerce)

Santo Domingo, Dominican Republic

Technical Consultant and Mentor (Remote)

April 2025 - June 2025

- Mentored new developers through structured training sessions and one-on-one coaching, leading to a 30% increase in their coding efficiency and reducing onboarding time by half.
- Guided junior developers in troubleshooting API integration issues with Prisma and NestJS, improving debugging efficiency across the team.
- **Technologies:** Node.js, TypeScript, Express, Nestjs, React, MySQL, Linux, AWS, TailwindCSS

Plaza Lama (E-Commerce)

Santo Domingo, Dominican Republic

Full Stack Developer (Hybrid)

July 2023 - March 2025

- Sole developer after 2024, independently managing the full development lifecycle.
- Implemented and maintained a scalable microservice architecture and monorepo setup.
- Upgraded the admin dashboard from Angular to React, increasing performance by over 200%.
- Established CI/CD pipelines to automate testing, integration, and deployment, reducing manual errors and accelerating release cycles.
- Developed and deployed a comprehensive intranet module, enhancing internal communication efficiency by 40% across 10k+ employees and streamlining project collaboration.
- **Technologies:** Node.js, TypeScript, NestJS, React, Angular, MySQL, Linux, GitLab CI/CD, Jira, AWS, TailwindCSS

C&C Technology Supply, LLC

Santo Domingo, Dominican Republic

Database Administrator

June 2020 - May 2022

- Developed and centralized data management systems for tracking operations across multiple departments, automating reporting processes, which reduced report generation time from days to just minutes and increased team productivity by 25%.
- **Technologies:** NodeJs, Python, JavaScript, PostgreSQL
