

Harshwardhan Kadambande

Procurement & Associate Supply Chain

Texas | +1 (346)-626-9890 | harshwardhan2409@gmail.com | LinkedIn

SUMMARY

Supply Chain and Procurement professional with **3.5+** years of experience managing end-to-end supply chain operations, procurement, and inventory optimization planning within a multi-line manufacturing environment. Skilled in **SAP S/4HANA, Power BI, and Advanced Excel**, with working knowledge of WMS/TMS systems. Experienced in vendor management, cost optimization, and KPI tracking (OTIF, fill rates, cycle times). Managed procurement budgets worth **\$3M annually** while supporting production continuity across multiple lines. Strong knowledge of Lean Six Sigma, Kaizen, JIT, and root cause analysis, with a consistent record of enhancing supply chain performance, reducing lead times, and driving actionable improvements.

SKILLS

ERP & Tools: SAP S/4HANA, NetSuite ERP, Power BI, Tableau, Advanced Excel (Pivot Tables, VBA), RFx Tools

Procurement & Sourcing: Strategic Sourcing, Cost Reduction, RFQ/RFP, Supplier Negotiation, Contract Lifecycle Management, Supplier Performance Evaluation, Total Cost of Ownership (TCO) Analysis

Supply Chain Operations: Inventory Optimization, Demand Planning, JIT, Logistics Coordination, Warehouse Management (WMS), Transportation Management (TMS), Lean & Agile Supply Chain, KPI Tracking (OTIF, Cycle Time, Fill Rate)

Finance & Compliance: Spend Analysis, Procurement Policy Compliance, Audit, Vendor Risk Management, Budget Planning & Control, FDA Regulatory Compliance, Good Manufacturing Practices (GMP), Food & Drug Labeling Standards, Import/Export Regulatory Documentation

Soft Skills: Leadership, Communication, Cross-functional Collaboration, Analytical Thinking, Problem Solving, Stakeholder Engagement

WORK EXPERIENCE

Sanjay Soya Private Limited, Maharashtra, India | Associate Supply Chain

Jun 2021 – Jun 2023

- Managed end-to-end supply chain operations overseeing procurement, inventory, and logistics for a manufacturing plant with 5+ production lines, aligning raw material supply with production schedules and maintaining zero stockouts.
- Implemented advanced supply chain planning tools using SAP S/4HANA, streamlining forecasting, order management, and inventory planning for high-volume SKU operations efficiently.
- Optimized warehouse and inventory processes, integrating WMS and TMS systems, enhancing storage utilization, reducing lead times for critical materials, and ensuring consistent inventory turnover across multiple distribution locations.
- Built KPI dashboards (OTIF, cycle times, fill rates, shipment accuracy) that equipped production, operations, and supply chain teams with real-time insights, reducing manual reporting and enabling faster decisions.
- Coordinated logistics and vendor management by collaborating with 20+ suppliers and third-party carriers, ensuring 95%+ on-time deliveries and maintaining strong supplier relationships that supported uninterrupted production.
- Analyzed historical sales and inventory data to support demand planning and scenario analysis, improving forecast accuracy by ~15% and ensuring efficient allocation of resources for monthly operations.
- Contributed to cost optimization and spend analysis by tracking procurement spend accounting \$3M annually, identifying opportunities to reduce overheads by 5–7%, and supporting strategies to maximize vendor value.
- Monitored compliance and operational performance in warehouses and assembly areas, supporting adherence to ISO and 5S safety standards, reducing audit gaps by 10%, and recommending process improvements to ensure 100% team compliance.
- Established automation and digital workflow solutions, including RFx tools, e-sourcing platforms, and ERP-based approval processes, enhancing responsiveness, reducing manual intervention, and improving efficiency across procurement and supply chain operations.

Sanjay Soya Private Limited, Maharashtra, India | Procurement Intern

Sep 2018 – May 2020

- Oversaw end-to-end procurement operations for raw materials, negotiating contracts with over 50 suppliers and ensuring timely sourcing to fully support production schedules across 5+ product lines, maintaining strong supplier relationships.
- Applied procurement planning tools using SAP, streamlining purchase order creation and approval workflows, improving team efficiency and collaboration, handling over multiple POs monthly.
- Refined inventory and demand planning by integrating historical sales data and forecasts, maintaining balanced stock levels and reducing disruptions in material availability across manufacturing operations.
- Constructed Power BI dashboards to track supplier performance, procurement spend, lead times, and order accuracy, enabling operations teams to make informed, data-driven procurement decisions across warehouse.
- Executed cost analysis and spend optimization initiatives using ERP reporting tools and advanced Excel modeling, implementing strategies to manage a procurement budget exceeding \$1.5M annually while maximizing operational value.

EDUCATION

Master of Science in Supply Chain Management

May 2025

University of Houston C. T. Bauer College of Business, Houston, TX

- Awarded the Bauer Excellence Initiative (BEI) Scholarship for professional achievements

Bachelor of Science in Mechanical Engineering

Apr 2020

R.C. Patel Institute of Technology college of Engineering, Maharashtra, India

PROJECTS

Introduction of Reusable IML Bucket

- Collaborated with cross-functional teams (Procurement, Production, Packaging) to launch a reusable In-Mold Label (IML) bucket design, implemented across 4 major product lines, reducing landfill waste and improving customer reuse adoption.
- Streamlined production efficiency by improving changeover processes and inventory replenishment, enabling the facility to handle an additional 120,000 units per quarter without extra resources.
