

# CHAITANYA SAI NADAPANA

Southfield, MI 48076 | (248) 941-7702 | nadapanachaitanyasai@gmail.com

## SUMMARY

**Supply Chain & Operations Analyst** with hands-on experience optimizing logistics networks, enhancing production workflows, and aligning supply planning with business goals. Demonstrates proven success in managing fast-paced industrial operations, implementing Lean methodologies, and improving **vendor coordination**, **inventory management**, and **production throughput**. Eager to bring analytical rigor and end-to-end process improvement to dynamic organization.

## PROFESSIONAL EXPERIENCE

### Supply Chain Analyst | Walmart Inc., USA

Nov 2024 – Present

- Supporting multi-regional distribution center operations by analyzing inbound/outbound freight data to optimize inventory turnover and reduce carrying costs.
- Working with internal teams and third-party carriers to address fulfillment bottlenecks and ensure SLA compliance across high-demand product lines.
- Tracking logistics KPIs using internal tools and Excel-based dashboards, reporting metrics such as OTIF (On-Time-In-Full), fill rate, and lead time variance.
- Engaged in continuous improvement initiatives targeting cost savings and operational efficiencies across warehouse and transportation functions.
- Assisting in documentation and rollout of process SOPs for updated inventory systems and stock transfer models.

### Supply Chain Analyst | Mahindra Logistics Ltd., India

Jan 2022 – Jul 2023

- Managed data-driven supply chain analysis for a high-volume warehouse servicing automotive and FMCG clients across South India.
- Designed and deployed Excel-based dashboards to monitor inventory velocity, vendor compliance, and replenishment triggers, improving decision turnaround by 25%.
- Partnered with planning and procurement departments to ensure timely material availability, successfully reducing stockout frequency by 20% within 6 months.
- Conducted root cause analysis (RCA) for delayed deliveries and reverse logistics, recommending improvements that led to a 12% reduction in late shipments.
- Played an active role in quarterly audits to ensure process alignment with Lean principles and SOPs.

### Assistant Production Manager | Bisleri International Pvt. Ltd., India

Jul 2021 – Dec 2021

- Oversaw high-speed bottling line operations at a mid-capacity FMCG manufacturing unit producing packaged drinking water and beverages.
- Monitored daily shift targets (units/hour), addressing real-time production delays and minimizing line downtime through proactive troubleshooting.
- Coordinated with maintenance and quality teams to reduce defects in packaging (cap sealing, label misplacement), improving First Pass Yield by 14%.
- Conducted root cause analysis (RCA) on frequent breakdowns and implemented preventive maintenance checklists aligned with plant KPIs.
- Managed inventory control for raw materials (PET preforms, caps, labels, shrink wrap), ensuring 100% batch traceability and FIFO compliance.
- Supervised 20+ floor operators, managing task allocation, attendance, and adherence to GMP and safety standards.

## TECHNICAL SKILLS

**Supply Chain Management:** Demand Forecasting, Inventory Optimization, Replenishment Planning, Procurement Coordination, Logistics & Distribution, Order Management

**Operations & Manufacturing:** Production Planning, Line Balancing, Capacity Planning, BOM/Material Flow, Quality Assurance, Process Mapping, Lean Manufacturing

**Process Improvement & Methodologies:** Six Sigma (DMAIC), Root Cause Analysis (RCA), Value Stream Mapping (VSM), 5S Implementation, Cost Reduction Strategies, SOP Development

**Data Analytics & Reporting Tools:** Advanced Excel (Pivot Tables, VLOOKUP, Macros), Power BI (Visualizations & KPI Dashboards), SQL (data extraction), ERP Systems (SAP, Oracle)

**Workflow Collaboration & Communication:** Cross-functional Teaming, Vendor Relationship Management, Inventory Audits, Project Documentation, Stakeholder Reporting

## EDUCATION

**Lawrence Technological University, MI** | Master of Science – Industrial Engineering

Dec 2025

**Institute of Aeronautical Engineering, INDIA** | Bachelor of Technology - Mechanical Engineering

May 2022
