PROFESSIONAL SUMMARY

Supply Chain and SAP professional with 5+ years of experience supporting end-to-end order fulfillment, inventory management, procurement, and logistics operations across manufacturing, airline, and enterprise environments. Strong expertise in **SAP SD/MM** for managing **dealer purchase orders, product allocation, inbound logistics, inventory movements, and distribution center coordination**. Proven ability to lead **PSI (Procurement, Sales, Inventory)** processes, analyze **customer demand trends**, and **mitigate inventory risks** using data-driven insights. Adept at collaborating with **Business Management, Logistics, Order Management, and Operations teams** to improve **supply chain efficiency**, support **system transformation initiatives**, and achieve **monthly sales and operational targets**.

TECHNICAL SKILLS

- **Supply Chain & Operations:** End-to-End Order Fulfillment | Procurement, Sales & Inventory (PSI) | **Demand Planning & Analysis** | Inventory Management | Product Allocation | Inbound Logistics | Distribution Center Coordination | Sales Forecasting | **KPI Monitoring**.
- **SAP & ERP Systems:** **SAP SD & MM** | **Order Management** | Dealer Purchase Order Monitoring | ATP & Allocation | Goods Movements | Inventory Reconciliation | Procurement (PO/PR) | Stock Transfers | **Master Data Management** | **IDoc Monitoring** | Logistics Execution.
- **Data Analytics & Reporting:** Advanced Excel (**Pivot Tables, VLOOKUP, Power Query**) | SQL | Python (Pandas, NumPy) | **Power BI** | Tableau | Snowflake | Alteryx | SAS.
- **Cloud & Data Platforms:** **Microsoft Azure (Data Factory, Databricks, SQL Database)** | ETL Pipelines
- **Project Management & Collaboration:** Agile & Scrum | Jira | UAT & Functional Testing | Documentation | SOPs | Cross-Functional Coordination.
- **Compliance & Risk Management:** Audit Support | Change Management | Inventory Risk Mitigation | Root Cause Analysis | **Data Validation**.

PROFESSIONAL EXPERIENCE

Cargill | Supply Chain & SAP Process Lead | Abilene, Texas

Nov 2025 – Present

- Managed **end-to-end order fulfillment** and **inventory processing** using **SAP SD/MM** to support daily plant and customer operations.
- Led **PSI (Procurement, Sales, Inventory)** planning by validating **demand, production schedules, and finished goods inventory**.
- Coordinated with **procurement, production, logistics, and distribution teams** to ensure **timely product availability and shipment execution**.
- Monitored **inventory levels, goods movements, cycle counts, and variances** to **mitigate inventory risks** and support **monthly sales targets**.
- Tracked **inbound material flows** and collaborated with **logistics teams** to resolve **supply disruptions and delivery delays**.
- Supported **SAP deployment and system transformation initiatives** through **data validation, testing cycles, and end-user readiness**.

Innovate Soft | Data Analyst | Irving, Texas

Mar 2025 – Nov 2025

- Supported **end-to-end order fulfillment**, including **dealer purchase order monitoring, ATP checks, deliveries, billing, and returns**.
- Managed **product allocation and availability** in **SAP** to ensure **on-time fulfillment and revenue realization**.
- Analyzed **customer demand trends** and **order patterns** to identify **fulfillment gaps and inventory risks**.

- Collaborated with **Business Management, Logistics, Order Management, and Finance** teams to ensure **supply chain responsiveness**.
- Executed **functional testing, UAT validation, and defect resolution** for **SAP enhancements** related to **allocation automation**.

Delta Air Lines | Supply Chain Systems Analyst (SAP & ABAP) | Atlanta, GA

Oct 2021 – Dec 2022

- Supported **SAP-driven supply chain operations** for aircraft maintenance, material planning, and logistics execution.
- Analyzed **inventory consumption, replenishment, and demand trends** to support **planning decisions** and **operational continuity**.
- Troubleshoot **SAP interfaces and IDocs** connecting **ERP systems** with **external logistics and warehouse platforms**.
- Developed **reports and dashboards** to improve **visibility into inventory availability and supply risks**. Collaborated with **procurement, logistics, and operations teams** to resolve **system and data issues** impacting **supply flow**.

CCS Infotech Ltd. | Supply Chain & SAP Analyst | Chennai, India

May 2020 – Oct 2021

- Supported **order management, inventory tracking, and pricing execution** using **SAP SD/MM**.
- Assisted with **demand analysis and inventory reporting** to support **sales and supply planning**.
- Maintained **material and customer master data** to ensure **seamless order fulfillment**.
- Supported **UAT, cutover activities, and post-go-live stabilization** for **SAP enhancements** impacting **supply chain operations**. Delivered **documentation and end-user training** for **order fulfillment processes**.

University of North Texas | Data Analyst (Part-Time) Denton, Texas

May 2023 – Dec 2024

- Built automated ETL pipelines using Python and SQL.
- Developed interactive Power BI and Tableau dashboards for KPI monitoring, forecasting.
- Performed data validation, reconciliation, and quality checks across enterprise data sources.
- Optimized reporting workflows, reducing manual effort by 30%.

AIESL | Supply Chain Data Analyst (Intern) | Hyderabad, India

Nov 2019 – Jan 2020

- Analyzed **inventory levels, spare parts consumption, and procurement cycles** for maintenance planning.
- Maintained **material, compliance, and supplier records** using **ERP systems**.
- Built **automated reports and dashboards** for **material availability, and inventory optimization**.
- Supported **supplier performance analysis and audit readiness**.
- Collaborated with **logistics and maintenance teams** to improve **material planning accuracy**.

CERTIFICATIONS

- **Microsoft Certified: Azure Fundamentals (2025)**
- **Databricks Fundamentals**
- **Six Sigma White Belt**
- **CSCMP Supply Chain Foundations**

EDUCATION

- University of North Texas – Denton, TX, **Master of Science, Information Science** — **Dec 2024**
- Hindustan University – Chennai, India, **Bachelor of Engineering, Aeronautical Engineering** — **May 2021**
