Linkedin: [linkedin.com/in/sunil-reddy4534](https://www.linkedin.com/in/sunil-reddy4534)

PROFESSIONAL SUMMARY:

- Supply Chain Analyst with 4+ years of experience supporting **procurement, inventory, planning, and finance operations** across large manufacturing environments, including high-volume automotive supply chains with \$120M+ annual spend.
- Proven expertise leveraging SAP (S/4HANA & ECC), **Excel, Power BI, and Tableau** to analyze P2P workflows, inventory performance, supplier KPIs, and financial positions, improving data accuracy, service levels, and decision-making visibility.
- Demonstrated success driving process improvements through inventory optimization, material planning parameter tuning, and P2P cycle enhancements, achieving **15–18%** inventory cost reductions, **22%** faster PO cycles, and improved on-time supplier performance.
- Strong analytical and problem-solving skills supporting reconciliations, root-cause analysis, risk monitoring, and operational forecasting.
- Effective communicator and cross-functional partner, collaborating with procurement, finance, manufacturing, **logistics**, and IT stakeholders to translate business requirements into actionable insights, dashboards, and process documentation supporting continuous improvement initiatives.

TECHNICAL SKILLS:

Supply Chain & Procurement: Procure-to-Pay (P2P), Inventory Management, Material Planning, Demand Forecasting, Purchasing, Cost Control, Supplier Management, Vendor Negotiation, Contract Compliance, Inventory Optimization, Spend Analysis, Sourcing, Supplier Performance Management

ERP & Systems: SAP S/4HANA, SAP ECC, SAP MM, Purchase Orders (PO), Purchase Requisitions (PR), GR/IR Reconciliation, MRP, Release Strategies, Master Data Management, Warehouse Management Systems (WMS), Invoice Processing

Data Analytics & Reporting: Advanced Microsoft Excel (Pivot Tables, VLOOKUP, XLOOKUP), Power BI, Tableau, KPI Reporting, Forecasting Analysis, Root Cause Analysis, Data Reconciliation

Process Improvement: Process Optimization, SOP Documentation, UAT Testing, Continuous Improvement, Workflow Standardization, ECC to S/4HANA Readiness

Business & Communication: Cross-Functional Collaboration, Stakeholder Communication, Negotiation, Requirements Gathering, Training and Knowledge Transfer

PROFESSIONAL EXPERIENCE:

Client: General Motors, Detroit, MI

Jan 2025 to present

Role: Supply Chain Analyst (SAP / Procurement & Finance Operations)

- Managed end-to-end **SAP** procurement and supply planning for **\$120M+** annual spend across **North American** manufacturing operations.
- Optimized Procure-to-Pay processes, reducing **PO cycle** time by **22%** and improving on-time supplier payments by 18%.

- Supported inventory planning for **8,000+ SKUs**, improving inventory turnover by **15%** while minimizing production line disruptions.
- Analyzed supplier performance for **60+ vendors**, driving 10% cost savings through sourcing optimization and contract compliance.
- Executed SAP MM transactions including **PRs, POs, GR/IR** reconciliation, and release strategies in high-volume automotive environments.
- Supported procurement strategy through **supplier negotiations, spend analysis, RFQs, and contract compliance**, delivering measurable cost savings and improved supplier performance.
- Developed **Excel-based** reports and dashboards to track spending, inventory levels, and supply risks for leadership review.
- Supported **SAP ECC to S/4HANA** readiness activities by documenting processes, validating master data, and testing procurement workflows.

Accenture (Client: BMW), Hyderabad, India

July 2021 - July 2023

Role: Buyer

- Managed end-to-end purchasing for **\$80M+** annual direct and indirect materials supporting BMW manufacturing operations.
- Created, released, and monitored **12,000+ SAP** purchase orders annually to ensure on-time material availability.
- Coordinated with **40+ global suppliers** to negotiate pricing, enforce contracts, and achieve 12% cost savings.
- Improved Procure-to-Pay cycle time **by 25%** through issue resolution, follow-ups, and SAP workflow optimization.
- Monitored inventory across 10,000+ SKUs, reducing excess and obsolete stock by 18%.
- Resolved **GR/IR, invoice**, and pricing discrepancies by partnering with suppliers and finance teams.
- Developed Excel-based spending, backlog, and supplier performance reports to support sourcing and purchasing decisions.

Dr. Reddy's Laboratories, Hyderabad, India

Jan 2021 – Jul 2021

Role: Inventory Coordinator Intern

- Coordinated inventory operations for pharmaceutical manufacturing units handling 1,000+ tons of raw and packaging materials monthly.
- Maintained inventory accuracy for 500+ SKUs, reducing material shortages through timely updates of stock levels and consumption data.
- Updated reorder points and tracked material movements to support uninterrupted production and batch manufacturing schedules.
- Coordinated with vendors, procurement, and stores teams on deliveries, material receipts, and invoice verification.

EDUCATION

Master of Science in Information Systems

Saint Louis University, St. Louis, MO | May 2025

Bachelor of Technology in Computer Science & Engineering

Jawaharlal Nehru Technological University Hyderabad (JNTUH), India | May 2021
