

PROFESSIONAL SUMMARY

Detail-oriented Supply Chain Analyst with 3+ years of experience in retail, logistics, and e-commerce supply chains. Proven expertise in inventory optimization, demand forecasting, procurement, vendor management, and process automation. Skilled in leveraging ERP systems (SAP, Oracle, Manhattan WMS), BI tools (Power BI, Tableau, SQL, Python), and automation frameworks to enhance order accuracy, reduce costs, and improve fulfillment efficiency. Recognized for cross-functional collaboration and driving measurable improvements in customer satisfaction, cost control, and operational efficiency.

CORE SKILLS & COMPETENCIES

- **Supply Chain & Operations:** Inventory Planning, Demand Forecasting, Procurement, Vendor Negotiation, Logistics Optimization, Freight & Distribution Management, Warehouse Management, Order Fulfillment, Returns & Reverse Logistics
- **Data Analytics & Business Intelligence:** Power BI, Tableau, SQL, Python (Pandas, NumPy, Matplotlib), R, Data Cleaning & ETL, Data Visualization, KPI Tracking, Trend Analysis, Predictive Analytics, Machine Learning for Demand Forecasting
- **ERP & Supply Chain Technology:** SAP, Oracle, Microsoft Dynamics, NetSuite, Electronic Data Interchange (EDI), Warehouse Management Systems (WMS), Inventory Control, Barcode Scanning, Order Processing
- **Financial & Cost Analysis:** Invoice Auditing & Reconciliation, Cost-to-Serve Analysis, Freight Cost Optimization, Procurement Spend Analysis, Contract Negotiation, Budgeting & Financial Forecasting
- **Project Management & Process Optimization:** Agile & Scrum Methodologies, Supply Chain Process Automation, Workflow Optimization, Change Management, Risk Mitigation & Contingency Planning
- **Advanced Microsoft Office Suite:** Excel (Pivot Tables, VLOOKUP, Macros, Solver), Word, PowerPoint, Microsoft Project

PROFESSIONAL EXPERIENCE

Inventory Specialist | Ripple Fiber

Oct 202-Present

- Managed and tracked inventory across **NetSuite ERP** and **Sortly**, maintaining **98–99% stock accuracy** and real-time visibility of **serialized telecom and fiber materials**.
- Analyzed **ERP inventory reports** and performed **inventory reconciliation** for 1,000+ serialized assets, reducing data discrepancies by approximately **15–20%** and improving reporting reliability.
- Conducted routine **cycle counts** and **inventory audits**, supporting compliance with **inventory control standards** and improving overall data accuracy across warehouse and field inventory.
- Processed and documented **inbound and outbound material transactions** supporting daily warehouse operations and field installations, contributing to improved order fulfillment and reduced project delays.
- Developed and maintained **Excel inventory dashboards** using **NetSuite data**, improving visibility into **material usage trends**, stock movement, and **replenishment planning efficiency**.
- Collaborated with **cross-functional teams** including procurement, logistics, and operations to ensure material availability across multiple project locations, supporting timely execution of installation and deployment schedules.
- Supported **inventory performance KPI tracking** including stock accuracy, usage rates, and inventory visibility metrics to assist supply chain planning and decision support.

Supply Chain Analyst | Wayfair

Oct 2024 – Sep 2025

- Managed end-to-end supply chain operations for multiple product categories, overseeing procurement, inventory planning, and fulfillment, supporting transactions valued at **\$2.7M+** while reducing operational inefficiencies.
- Optimized **logistics and distribution flows** across regional fulfillment centers, enhancing carrier coordination and implementing real-time tracking, resulting in a **30% reduction in shipping delays** and higher customer satisfaction scores.
- Streamlined **purchase order and invoice reconciliation** by integrating Electronic Data Interchange (EDI) and automated workflows, ensuring **100% accuracy** across \$1.5M+ transactions and reducing processing time by **40%**.
- Led **inventory optimization initiatives**, cutting stockouts and excess inventory by **25%**, improving warehouse efficiency and aligning inventory with demand forecasts.
- Implemented **AI-driven demand forecasting and real-time inventory visibility**, reducing order-to-delivery cycle times by **36%** and enhancing order fulfillment speed.
- Spearheaded the **integration of SAP with procurement and inventory workflows**, automating approvals and real-time stock tracking, which reduced manual effort by **50%** and improved data accuracy.
- Developed **Power BI dashboards and supplier performance trackers**, providing visibility into KPIs such as lead time, vendor reliability, and demand variability, helping reduce supply chain bottlenecks by **20%**.

Junior Supply Chain Analyst | Flipkart | India

Jan 2021 – Apr 2023

- Supported end-to-end supply chain operations for high-demand retail categories, contributing to revenue impact of **\$150K+** by optimizing procurement, inventory management, and logistics processes to meet customer demand efficiently.
- Negotiated with vendors and suppliers to secure **cost-effective contracts**, reducing operational expenses by **₹18L+** while ensuring high-quality sourcing, on-time deliveries, and stronger supplier relationships.
- Implemented **demand forecasting models and real-time inventory tracking systems**, reducing stock shortages by **30%** and improving order fulfillment accuracy across regional hubs.

- Led logistics and last-mile distribution planning, conducting bottleneck analysis and introducing process automation that reduced lead times by **25%**, significantly improving delivery efficiency in Tier 2 and Tier 3 cities.
- Developed and deployed **interactive Power BI and Tableau dashboards**, providing real-time visibility into inventory levels, supplier performance, and logistics KPIs, enabling **20% faster decision-making** and improved SLA adherence.

EDUCATION

Auburn University at Montgomery AL Master of Science in Information Systems	May 2023 – Dec 2024
SVS Group of Institutions Warangal, India Bachelor of Civil Engineering	Jul 2019 – Jul 2022

CERTIFICATIONS

- Lean Six Sigma (Working Knowledge)
- Power BI for Business Intelligence
- Advanced Excel & VBA
