● Bengaluru, India

Professional Summary:

ERP Functional Consultant with expertise in Production, Inventory, Vendor Management, AP/AR, and GL modules. Skilled in ERP implementation, configuration, workflow design, UAT, and reporting, with successful integrations across Tally, Oracle, NetSuite, and Zoho. Proven track record in process automation, digital transformation, and driving cost-efficient ERP optimization.

Key Achievements:

- Led **multiple enterprise ERP implementations** across Manufacturing, Trading, Services, and Education domains, achieving timely go-lives and smooth adoption.
- Directed **end-to-end client projects**, including fit-gap analysis, configuration, master data migration, and UAT, ensuring operational readiness.
- Coordinated **cross-functional training and workshops** for 50–100+ users per client, increasing ERP adoption and reducing operational bottlenecks.
- Integrated ERP systems with **Tally, Oracle, NetSuite, and Zoho**, streamlining AR/AP and P2P processes, and reducing manual reconciliation effort.

Skills & Expertise:

- ✓ **ERP & Process:** Requirements Gathering, Fit-Gap Analysis, Configuration, Master Data Management, Testing, UAT, Go-Live, Hypercare, Change Requests, Business Process Re-engineering, Requirements-to-Deployment Lifecycle
- ✓ **Modules:** Production/Manufacturing, Inventory, Procurement (P2P), Vendor Management, Accounts Payable (AP), Accounts Receivable (AR), General Ledger (GL), ERP Reporting & Analytics
- ✓ **Integrations & Data:** Tally, Oracle, NetSuite, Zoho | APIs, Data Migration, Synchronization, Middleware
- ✓ **Stakeholder & Training:** Client Workshops, SOPs & Documentation, End-User Training, Incident Management
- ✓ **Tools:** Excel/Google Sheets (Pivot Tables, VLOOKUP/XLOOKUP), Postman.
- ✓ Flexible with travel and on-site client engagement for implementations and training
- ✓ Experienced in process mapping and visual workflow modelling using flowcharts or BPM tools.

Experience:

❖ Functional Consultant | TYASuite Software Solutions Pvt Ltd | May 2023 – Present

- Led full-cycle ERP rollouts for large enterprise clients across Manufacturing, Trading, and Services domains, covering Procurement, Inventory, and Finance modules.
- Designed and configured procurement workflows including PR, RFQ, PO, GRN, and approvals, ensuring smooth P2P cycle execution for high-volume transactions.
- Managed master data setup (Material, Vendor, Pricing) and ensured accuracy for multi-location client environments.
- Delivered ERP integrations with Tally, Oracle, NetSuite, and Zoho using APIs and middleware, enabling seamless data flow across finance and operations systems.
- Conducted client workshops, UAT sessions, and end-user training for cross-functional teams, driving successful ERP adoption across multiple business units.
- Coordinated incident management and change requests with technical teams, ensuring smooth operations post go-live
- Understanding of Order-to-Cash (O2C) workflows and customer billing processes
- Experienced in process mapping and visual workflow modelling using flowcharts or BPM tools.

Key Projects:

- **Global Manufacturing Client** – Led fit-gap workshops, configuration, and master data

migration; delivered on-time ERP go-live across multiple plants.

- **Trading & Distribution Client** – Implemented customized procurement workflows and ERP-accounting integration (Tally/Zoho), enabling seamless P2P and AR/AP processing.
- **Service Sector Client** – Conducted UAT, end-user training, and SOP preparation for 100+ users; ensured smooth transition and adoption.
- **Educational University Client** – Implemented ERP modules for Procurement and Inventory; streamlined vendor management and enabled transparent approval workflows across departments.

❖ **Consultant | Vipra Infotech Pvt Ltd | July 2020 – April 2023**

- Contributed to SAP MM module implementations and support for enterprise clients in manufacturing and distribution sectors.
- Supported P2P and inventory management processes, including Purchase Requisitions, POs, GRNs, and Invoice Posting, ensuring compliance with business and audit requirements.
- Configured Material Master, Vendor Master, Info Records, and Release Strategies for client-specific needs across multiple plants.
- Collaborated with ABAP and BASIS teams for enhancements, defect fixes, and system optimizations.
- Delivered training and process documentation for large user groups, enabling smooth transition and adoption across client sites.
- Provided functional support for audit and compliance reporting, ensuring adherence to corporate and statutory standards.

Key Projects:

- **Manufacturing Client** – Supported SAP MM implementation with PR-to-PO, GRN, and Invoice Posting; streamlined procurement operations across multiple plants.
- **Distribution Client** – Configured vendor masters, release strategies, and pricing structures; improved system readiness for high-volume procurement cycles.

Academic Qualification:

- B.E. Mechanical Engineering – KNS Institute of Technology (VTU), Bangalore | 2012 – 2016 | First Class

Certifications & Training

- SAP PM (short-term session)
- ERP Functional Consulting (In Progress)
- SAP MM (completed)
