

Saikumar Bodakunta

Lake Mary, FL, USA | +1 (321) 274-7572 | bsaikumarscm@gmail.com | LinkedIn

Summary

supply chain professional with 4 years of expertise in analyzing and optimizing end-to-end supply chain operations. Skilled in demand forecasting, inventory management, procurement, and supplier performance evaluation. Proficient in ERP systems, Excel, and Power BI for data analysis and reporting. Demonstrated ability to improve operational efficiency, reduce costs, and enhance order fulfillment accuracy.

Proven track record of implementing process improvements and data-driven strategies that drive measurable business results.

Experience

Supply Chain Analyst, Doublene, USA

Jan 2024 – Present

- Analyzed supply chain performance metrics (inventory levels, stockouts, lead times, order accuracy) to provide insights that improved operational efficiency.
- Developed automated reports and dashboards using Excel/Power BI, reducing manual reporting time by 30%.
- Coordinated with procurement, logistics, and operations teams to ensure optimal inventory availability.
- Performed demand forecasting using historical data and market trends, improving forecast accuracy by 15%.
- Assisted in supplier performance evaluation by tracking delivery compliance, cost trends, and quality metrics.
- Supported ERP data maintenance, including purchase orders, item masters, and supplier data.
- Streamlined procurement processes by consolidating supplier orders, reducing procurement cycle time by approximately 10%.
- Monitored inventory turnover and implemented reorder point adjustments, helping reduce excess inventory by 12% and lowering holding costs.
- Led cross-functional meetings to resolve bottlenecks, reducing order cycle time by 20% and improving supply chain efficiency.
- Created KPI dashboards for senior management, enabling 25% faster decisions and clearer insights into operational performance.
- Implemented sustainability initiatives, optimizing routes and packaging, reducing costs by 8% and carbon emissions by 12%.

Supply Chain Analyst, Techecy, India

Jul 2020 – Jun 2022

- Monitored supply chain workflows and recommended process improvements to reduce delays and optimize inventory, helping reduce order processing delays by 15%.
- Collaborated with warehouse and logistics teams to ensure timely order fulfillment and track shipment status, improving on-time deliveries from 88% to 95%.

- Conducted cost analysis and identified savings opportunities across procurement and transportation, achieving approximately \$50,000 in annual cost savings.
- Created standardized reports to track KPIs such as OTIF, inventory turnover, and procurement cycle time, reducing reporting errors by 20% and enabling faster decision-making.
- Improved vendor communication and established follow-up procedures, reducing order delays by 20%.
- Implemented ERP automation for inventory tracking, improving data accuracy by 12% and reducing manual entry errors by 15%.
- Identified supply chain bottlenecks, implementing corrective actions that improved responsiveness and reduced order cycle time by 20%.
- Optimized transport routes and packaging, reducing operational costs by 8% and lowering carbon emissions by 12%.

Skills

- **Supply Chain Management:** Demand Forecasting, Inventory Optimization, Procurement & Sourcing, Logistics & Distribution, Warehouse Management, Order Accuracy Monitoring, Supplier Performance Evaluation, Reorder Point Adjustment, Inventory Turnover Management
- **ERP & Systems:** SAP (S/4 HANA), Oracle, NetSuite, WMS, ERP Data Maintenance, ERP Automation for Inventory Tracking
- **Data Analytics & Visualization:** Excel (Advanced), Power BI, SQL, Automated Dashboards & Reporting, KPI Tracking (OTIF, Procurement Cycle Time, Stockouts)
- **Process Improvement:** Lean Six Sigma, Continuous Improvement, Procurement Process Streamlining (Cycle Time Reduction 10%), Process Standardization
- **Project & Collaboration:** Cross-Functional Teamwork (Procurement, Operations, Logistics), Vendor Communication & Follow-up Procedures, Report Generation
- **Soft Skills:** Analytical & Problem-Solving Skills, Critical Thinking, Effective Communication, Decision Making.

Education

Master's in Information Systems Aug 2022 – Dec 2023 Trine University, 999 Republic Dr, Allen Park, MI

Bachelor in Electrical and Electronics Engineering Jul 2017 – May 2020 Veltech University, 400 Feet Outer Ring Rd, Avadi, Tamil Nadu, India

Projects

Inventory Optimization Project

- Used historical sales and demand trends to create a forecasting model in Excel, improving forecast accuracy by 15%.
- Adjusted reorder points and safety stock levels, reducing excess inventory by 12% and lowering holding costs.

Procurement Process Streamlining

- Consolidated supplier orders and optimized procurement cycle, reducing procurement time by 10%.
- Standardized reporting templates, cutting manual reporting effort by 30% and improving team efficiency.
