

Bhushan Dharmadhikari

Senior Data Analyst | Power BI & SQL Expert

United States | Bhushan.Dharmadhikari@gmail.com | +1 904 947 3259

PROFESSIONAL SUMMARY

Senior Data Analyst with 19 years of experience transforming complex datasets into actionable business insights. Expert in SQL, Power BI, and modern cloud platforms, with hands-on experience in data extraction, profiling, trend analysis, KPI monitoring, and root-cause identification. Skilled at turning raw data into strategic decisions, designing automated reports and dashboards, and delivering insights that improve efficiency, revenue, and operational outcomes.

TECHNICAL SKILLS

Data Analysis & Reporting: Trend Analysis, Root Cause Analysis, KPI Development & Monitoring, Operational & Marketing Insights, Requirement Gathering

Data Engineering & SQL: Advanced SQL (CTEs, Window Functions, Joins, Indexing), Query Optimization, ETL, Data Cleaning & Validation

BI & Visualization: Power BI (Advanced DAX, Power Query/M, Composite Models, RLS, Paginated Reports), Tableau, Qlik Sense, Excel

Modern Data Stack & Tools: Snowflake, Microsoft Fabric, Azure Databricks, SQL Server, Python (automation scripting)

Tools: Jira, Smartsheet, Lucidchart, Confluence, Python (automation scripting)

PROFESSIONAL EXPERIENCE

The Math Company (MathCo) — United States

Associate Principal – Power BI & Data Analysis | Aug 2025 – Present

- Conducted deep-dive data analysis to identify trends and root causes across client operations, influencing strategic decisions.
- Built 15+ Power BI dashboards combining operational metrics, KPIs, and ad-hoc insights, improving executive decision-making speed by 35%.
- Extracted and optimized complex SQL datasets from Snowflake, performing data validation, profiling, and anomaly detection.

- Partnered with business teams to define metrics and translate complex data into actionable insights for operational improvement.

- Designed structured workflows and documented complex business processes using Lucidchart, Confluence, and PowerPoint, enabling teams to visualize dependencies, handoffs, and operational bottlenecks.

Synechron Inc. — Florida, United States

Associate Director – BI & Data Analytics | Oct 2013 – Aug 2025

- Led analytical initiatives for banking and insurance clients, reconciling multi-source datasets and identifying performance trends.

- Designed dashboards and reports in Power BI/Tableau that highlighted key insights from financial, operational, and customer data.

- Automated SQL scripts and ETL workflows, improving analysis accuracy and reducing report preparation time by 50%.

- Designed structured workflows and documented complex business processes using Lucidchart, Confluence, and PowerPoint, enabling teams to visualize dependencies, handoffs, and operational bottlenecks.

- Mentored 20+ analysts to enhance analytical rigor, ensuring data-driven decision-making at all levels.

Barclays Technology India — Pune, India

MI Analyst | Aug 2012 – Jun 2013

- Performed operational analysis to optimize resource utilization and improve forecasting.

- Built automated reporting pipelines that enabled faster analysis and reporting of performance metrics.

Earlier Career (2006 – 2012)

Assistant Manager (Vodafone) / Business Analyst / Data Analyst

- Conducted marketing and spend analysis for clients like Microsoft and J&J, providing actionable insights on customer behavior and inventory.

- Developed SQL and MSBI solutions (SQL Server, SSIS, SSRS) and QlikView dashboards to analyze sales, marketing, and operational datasets, enabling faster, data-driven decisions.

EDUCATION & CERTIFICATIONS

Education: Master of Computer Applications (MCA), University of Pune, India

Certifications: Google Data Analytics (2023), Power BI & Tableau (2017), Microsoft AI (2023), Neo4j Certified Professional (2025)
