

PATRICIA DICKENS

Senior Data Analyst | Business Intelligence & Data Visualization Specialist

Location: Houston, TX | **Email:** patriciakdickens97@gmail.com | **Phone:** +1 (713) 281-5690

LinkedIn: linkedin.com/in/patricia-dickens/

PROFESSIONAL SUMMARY:

Senior Data Analyst with extensive experience delivering business-driven analytics, executive dashboards, and automated reporting solutions that support strategic decision-making. Proven expertise in business data analysis, data visualization, and workflow automation using SQL, Tableau, Power BI, Jaspersoft, SSRS, and advanced Excel. Strong track record of translating complex datasets into actionable insights, improving reporting efficiency, optimizing business processes, and enabling leadership to monitor KPIs, performance trends, and ROI. Highly skilled in statistical testing, A/B experimentation, data management, and enterprise reporting across cloud and on-prem environments. Adept at partnering with cross-functional stakeholders to align analytics solutions with business objectives, enhance data quality, and drive measurable business outcomes.

CORE COMPETENCIES:

- | | |
|---|--|
| • Business Data Analysis & Insights | • Statistical Testing & Experimentation |
| • Executive Reporting & Dashboarding | • Data Management & Quality Assurance |
| • Data Visualization (Tableau, Power BI) | • Stakeholder Collaboration & Requirements Analysis |
| • Business Workflow & Reporting Automation | |

TECHNICAL SKILLS & TOOLS:

- **Data Analysis Tools:** SQL, Excel (Advanced), Tableau, Power BI, Google Data Studio, Looker, Jaspersoft, AI tools
- **Data Management:** SSRS (Report Builder), Data Cleaning, Data Transformation, ETL (Extract, Transform, Load), Data Governance, Data Quality Assurance, Data Marts & Enterprise Data Warehouse, Google Storage
- **Database Systems:** AWS, MySQL, PostgreSQL, Oracle, Microsoft SQL Server, MongoDB, Snowflake, BigQuery, Cloudera Hadoop
- **Data Visualization (Reporting & Dashboards):** Tableau, Power BI, Excel (Charts, Pivot Tables), Paginated Reports, Looker, Visio, Google Data Studio, SQL Reporting Services
- **Collaboration Tools:** Trello, Slack, Microsoft Teams, Jira, Confluence, Google Workspace, Asana, Miro
- **Automation & Scripting:** Power Automate, Excel VBA, Alteryx, Power Query, SQL Scripting
- **Statistical Analysis:** A/B Testing, Hypothesis Testing, Regression Analysis, Time Series Analysis, Forecasting, SPSS, MAXQDA
- **Miscellaneous:** Google Analytics, SEO Analytics, Salesforce, Integrated Business Planning, ManageEngine, MS Project, SurveyMonkey, Google Forms, SAP, Microsoft Office Suite, Outlook, Atlassian (Confluence, Jira)

WORK EXPERIENCE:

Senior Data Analyst

Comcast Corporation | January 2024 – Present

- Deliver business data analysis and executive reporting solutions supporting performance monitoring, operational insights, and strategic decision-making across cross-functional teams.
- Design, develop, and maintain interactive dashboards and paginated reports using Tableau, Power BI, SSRS, and SQL to track KPIs and business performance across multiple business functions.
- Automate recurring reporting, data preparation, and validation workflows using Power Automate, SQL scripting, and Excel VBA, reducing manual effort by approximately 30% and improving turnaround time.
- Perform statistical testing, data validation, and quality checks to ensure accuracy, consistency, and reliability of analytics outputs.
- Translate business requirements into scalable reporting and analytics solutions by partnering with product, operations, and leadership stakeholders.
- Support data governance and reporting standards to improve consistency, usability, and trust in enterprise reporting assets.
- Continuously enhance dashboards and reports based on stakeholder feedback to align analytics with evolving business objectives.

Senior Data Analyst

Dell Technologies | November 2021 – December 2023

- Led end-to-end business data analysis, reporting, and dashboard development to support enterprise decision-making and performance management.
- Built, optimized, and maintained SQL and BigQuery ETL processes, creating reliable datasets for Tableau and Power BI dashboards.
- Developed and automated data extraction and processing workflows using Python, SQL, and cloud functions, improving data availability and reducing manual processing time by ~25%.
- Played a key role in data and dashboard migration initiatives, including migrations from Cloudera to Snowflake and on-prem environments to AWS.
- Designed and enhanced Tableau and Power BI dashboards that translated complex datasets into actionable insights for leadership teams.
- Conducted A/B testing and statistical analysis to measure the impact of digital initiatives and support optimization decisions.
- Collaborated with cross-functional teams using Agile methodologies, Jira, and stakeholder reviews to deliver high-quality analytics solutions.

Senior Business Data Analyst

Hoshitech Group | August 2018 – October 2021

- Delivered business intelligence and analytics solutions supporting revenue analysis, customer performance tracking, and operational reporting.
- Partnered with business stakeholders to define KPIs, reporting requirements, and success metrics, ensuring analytics solutions aligned with strategic and operational objectives.
- Developed and scheduled ETL pipelines in BigQuery, managed data loads to Google Cloud Storage, and monitored job execution.
- Built and optimized SQL queries and Tableau dashboards to provide executive-level reporting and trend analysis.
- Conducted advanced statistical analysis, including forecasting, regression, correlation, and predictive modeling to support business planning.
- Led Voice of the Customer (VOC) initiatives, including survey analysis, NPS calculations, and insight delivery to improve customer outcomes.

Senior Data Analyst

CWG PLC | January 2011 – March 2018

- Provided enterprise-level data analysis, business intelligence, and performance reporting across Sales, Finance, Supply Chain, HR, and Project Management.
- Developed and standardized recurring management reports and performance scorecards, improving leadership visibility into trends, risks, and operational outcomes.
- Designed and delivered SQL-based datasets and Tableau/Power BI dashboards to monitor KPIs, risks, and operational performance.
- Analyzed financial and operational data from SAP, Salesforce, MS Project, and ManageEngine, delivering insights to executive stakeholders.
- Supported data warehouse and platform migration initiatives, including work with Cloudera and Snowflake environments.
- Applied statistical analysis and Six Sigma methodologies to surveys and process improvement initiatives, driving efficiency and quality improvements.

ADDITIONAL WORK EXPERIENCE:

- **Business Data Analyst, CWG PLC (2006–2010):** Improved QA systems, co-implemented McKinney Rogers leadership dashboard, boosting staff productivity by 15%.
- **Research & Business Development Analyst, Compumetrics Solutions (2004–2006):** Led customer surveys and research, contributing to the launch of the Nigerian ICT handbook.
- **Research & Data Analyst, First Research Nigeria (2002–2004):** Managed research studies and surveys in key sectors, including competitive analysis and customer satisfaction.
- **Funds Transfer Officer, NNB International Bank (2001–2002):** Oversaw funds transfers, account closures and was recognized as a top-performing staff.
- **NYSC Program, Nigeria Police Force (1999–2000):** Handled case processing and managed internal communications.

EDUCATION:

- **Associate Degree, Computer Programming & Application Development**
Houston Community College — Houston, TX | 2022
 - **Master of Business Administration (MBA), Marketing**
University of Lagos | 2008
 - **Bachelor of Science (B.S.), Mathematics & Statistics**
University of Lagos | 1999
 - **Diploma, Data Processing**
University of Lagos | 1995
-

CERTIFICATIONS:

- **IASSC Certified Lean Six Sigma Black Belt**
- **IRCA Certified ISO 9001:2015 Lead Auditor**
- **PECB Certified ISO 9001:2015 Lead Implementer**
