 - **Tools:** MS Office Suite, JIRA, Confluence, SharePoint
-

PROFESSIONAL EXPERIENCE

AT&T, WA

Senior Business Analyst / Scrum Master

12/2023 - Present

- **Requirements Gathering & Analysis:** Developed comprehensive business process documentation to enhance stakeholder engagement and project transparency.
- **Agile Methodologies:** Led Agile ceremonies (sprint planning, stand-ups, retrospectives), promoting a culture of continuous improvement among teams.
- **Process Improvement:** Conducted gap analyses to identify inefficiencies, implementing changes that resulted in a 20% increase in operational efficiency.
- **Data Integration:** Integrated Aladdin Data Cloud solutions to optimize data management, enhancing analytical capabilities and insights.

Eurofins Scientific PSS

Scientist III / Lead Microbiologist

01/2020 - 11/2023

- **Compliance & Quality Assurance:** Managed resources and schedules to ensure compliance during audits, leading to a 30% improvement in audit outcomes.
- **Process Optimization:** Executed transactions in MES systems, significantly reducing processing times and improving overall throughput.

- **Team Leadership:** Mentored junior staff, fostering knowledge sharing and improving team performance through structured training sessions.

Microsoft, WA (Consultant)

Business Analyst / Data Analyst

01/2018 - 11/2019

- **Data Analysis & Reporting:** Analyzed data trends using Power BI and SQL to inform decision-making and support strategic planning initiatives.
- **KPI Development:** Developed real-time KPI dashboards, resulting in improved visibility of operational metrics.
- **Requirements Specification:** Gathered and analyzed business requirements to create functional specifications that met key business needs.

T-Mobile, Bellevue (Consultant)

Senior Business Systems Analyst

02/2017 - 12/2017

- **User Experience Enhancement:** Led design sessions to improve user experience, resulting in a 25% increase in user satisfaction scores.
- **Project Management:** Managed multiple projects simultaneously, ensuring timely delivery and adherence to budget constraints.
- **Process Mapping:** Created detailed process maps to support system design and implementation efforts.

Versium Data Services

Business Analyst

06/2015 - 01/2017

- **Product Improvement:** Implemented product improvements that increased response volume by 15%, enhancing overall effectiveness.
- **Agile Methodologies:** Championed Agile practices for project delivery, improving team collaboration and project outcomes.
- **Stakeholder Engagement:** Defined project scope and objectives, ensuring alignment with business goals through effective stakeholder communication.

Farmers Insurance, Mercer Island, WA

Senior Business Analyst

02/2013 - 04/2015

- **Training Development:** Designed comprehensive training materials that reduced onboarding time by 40%.
- **Supplier Optimization:** Negotiated SOWs and optimized supplier performance, achieving cost savings of 10%.

- **Testing & Compliance:** Developed thorough testing plans to ensure compliance with business requirements and minimize defects.
-

EDUCATION

- **Master of Arts & Sciences, Neuroscience**
Idaho State University
 - **Bachelor of Science, Microbiology**
Idaho State University
 - **Post Graduate Diploma in Computer Applications**
-

CERTIFICATIONS

- Currently pursuing **Data Science Certification**
-
