

KAUSTUBH NAVNATH PAWAR

Boston, MA | +1 857-396-6774 | pawar.ka@northeastern.edu | [LinkedIn](#)

SUMMARY

Quality and Regulatory Professional with 2+ years of experience supporting data accuracy, compliance tracking, audit readiness, and operational quality initiatives in healthcare and regulated environments. Proven ability to collect, validate, analyze, and maintain structured datasets; support quality improvement projects; and ensure adherence to SOPs and regulatory standards. Strong communicator with experience coordinating across clinical, compliance, and operations teams using tools such as Excel, REDCap, EPIC, and internal tracking systems.

EDUCATION

MS in Regulatory Affairs for Drugs, Biologics, and Medical Devices

Sep 2023 – Jun 2025

Northeastern University | GPA: 4/4 | Boston, MA

Bachelor of Pharmacy

Aug 2018 – Apr 2022

Savitribai Phule Pune University | GPA: 3.33/4 | Pune, India

SKILLS

- **Regulatory & Process Operations:** FDA 510(k) Submissions, EU MDR, Post-Market Regulatory Support, FDA Forms, eCTD Submission Package, Global Regulatory Filings (FDA, EU, Health Canada, TGA).
- **Quality & Compliance:** FDA 21 CFR 820, ISO 13485, GMP, SOPs & Work Instructions, CAPA & Change Control, Risk Management (ISO 14971), Deviations, Internal Audits, Vendor Qualification, Training Records & Controlled Documentation.
- **Project Coordination & Tools:** Veeva Vault, QCBD (QMS), Microsoft Office, SharePoint, Google Drive, Oracle, Adobe Acrobat.

PROFESSIONAL EXPERIENCE

Regulatory & Quality System Specialist | Advantage Quality Professionals, LLC, Remote

July 2025 – Present

- Supported internal audits by documenting findings, preparing reports, and continuous improvement inputs for efficiency.
- Manage controlled documents, SOPs, templates, and technical files under ISO 13485 and ISO 9001.
- Routed, reviewed, and approved electronic and paper-based records, ensuring version control and regulatory compliance.
- Assisted in the implementation and maintenance of client QMS, including process training and corrective action follow-ups.
- Identified gaps and non-conformities in documentation, escalating issues, and assisting with CAPAs to ensure compliance.

Regulatory Affairs Intern | Virtuleap – Digital Health / Medical Device, Remote

Apr 2025 – Jun 2025

- Organized regulatory documentation supporting device classification and regulatory strategy for an AI-based medical device.
- Evaluated FDA 510(k) exemption potential for the Class II device and conducted gap analysis to reduce submission requirements.
- Designed a clinical validation protocol including study design, participant criteria, assessment tools, and statistical endpoints.
- Aligned the protocol with regulatory guidelines and clinical best practices to establish reliability and clinical relevance.

Regulatory Affairs Intern | Project Insulin, Cambridge, MA, USA

Sep 2024 – Dec 2024

- Researched FDA 351(k) approval strategy for biosimilar insulin glargine to minimize clinical trials using preclinical data.
- Reviewed preclinical data requirements, recommending a streamlined approval strategy and reporting on immunogenicity risks, interchangeability, and manufacturing quality control for biosimilars.
- Assisted in drafting PPQ validation reports and maintained all document logs, enabling a 100% audit-ready status.
- Presented regulatory summaries to internal teams and ensured compliance documentation readiness for early FDA engagement.

Regulatory Compliance Intern | PurcellAI – Digital Health / Medical Device, Remote

Apr 2024 – Jun 2024

- Analyzed global SaMD regulations (FDA, TGA, Health Canada) and structured regulatory dossiers for Class IIb & III devices.
- Drafted reports for ARGMD/FDA classifications, approval processes, and labeling for an AI-based Smart Inhaler.
- Established risk management plans and UDI frameworks, supporting ISO 13485 and ISO 14971 compliance.
- Assessed software and clinical documentation for submission readiness and supported post-market monitoring strategy.

CERTIFICATIONS AND TRAINING

- **Internal audit on Medical Device QMS - ISO 13485:2016** (Udemy)
- **ISO 9001 Internal Quality Auditor+ Training Program** (Advantage Quality Professionals)

ACADEMIC PROJECTS

Submission of Annual Report and New Protocol to an Open IND for Filgotinib (GS-6034) and Basal Insulin

- Prepared FDA Form 1571, cover letter, protocol summary, and annual clinical study reports in compliance with eCTD modules.

Compilation of eCTD Dossier for Investigational New Drug (IND) Application for the Boehringer Ingelheim product

- Assembled eCTD modules, ensuring compliance with electronic submission standards for Nintedanib, Ofev.w

Regulatory Filing for Patisiran, an Alnylam Pharmaceuticals product

- Populated regulatory templates, including FDA Forms 1571, 2252, 356h, and BTDR for streamlined regulatory filing
