EDUCATION

Vivekananda Global University <i>B.Tech in Computer Science Engineering</i>	2022 – Present <i>Current CGPA: 7.9</i>
SP Smart School <i>Senior High School</i>	March 2022 <i>Percentage: 86%</i>
BBN School <i>High School</i>	March 2020 <i>Percentage: 96%</i>

SKILLS

Languages: Python (Basic), SQL, C++, JavaScript, HTML, CSS
Data Analysis & Visualization: Pandas, NumPy, Matplotlib, Power BI, Excel
Tools: Git, GitHub, VS Code, ChatGPT, Gemini
Core CS Subjects: DBMS, OOPS, Operating Systems, Computer Networks

PROJECTS

Weather vs Mood Analytics <i>Power BI, Python, Excel</i> – Analyzed historical weather datasets to study correlations between environmental conditions and human emotions. – Performed data cleaning, preprocessing, and transformation using Python (Pandas) and Excel. – Built interactive Power BI dashboards to visualize emotional trends and actionable insights.	NOV - 2025
Netflix Clone & Gmail Clone <i>HTML, CSS, JavaScript</i> – Developed responsive front-end clones to strengthen UI/UX design and layout structuring skills. – Ensured clean code practices with cross-browser compatibility and smooth navigation.	june 2024

CERTIFICATIONS

Data Visualization and Dashboards with Excel <i>IBM (via Coursera)</i> – Learned to create basic dashboards and visualizations using Excel. – Worked with charts, pivot tables, and data summarization techniques.	Dec 2023
Excel Basics for Data Analysis <i>IBM (via Coursera)</i> – Gained hands-on experience with Excel for data cleaning and analysis.	2023
Prompt Engineering with ChatGPT <i>LinkedIn Learning</i> – Learned to write effective prompts to use AI tools for analysis and productivity.	Feb 2025

EXPERIENCE

CodSoft <i>C++ Programming Intern (Remote)</i> – Completed an intensive internship focused on C++ programming and algorithmic problem-solving. – Developed and submitted three technical projects demonstrating strong command over C++ logic.	OCT 2023 - NOV 2023
--	---------------------

POSITION OF RESPONSIBILITY

Computer Society for Technocrats (CST) <i>Vice President</i> – Led the college technical club promoting emerging technologies and industry-relevant skills. – Conducted seminars for 100+ students on Frontend Development and Python. – Organized initiatives bridging academic learning with practical implementation.	2023 - 2025
