PROFESSIONAL SUMMARY

Early-career Data Analyst with hands-on experience supporting data collection, reporting, dashboard development, and ad-hoc analysis in healthcare and enterprise environments. Strong foundation in Excel, SQL, and Power BI, with experience preparing data from multiple systems, validating accuracy, and translating metrics into clear insights. Comfortable collaborating with recruiting, operations, marketing, and IT teams in fast-paced environments. Highly detail-oriented, eager to learn, and motivated to support recruiting analytics and workforce decision-making in a mission-driven healthcare organization.

EXPERIENCE

Data Analyst: E care Healthcare, TX

May 2024 – Present

- Assist in collecting, preparing, and validating data from multiple sources to support operational and workforce reporting.
- Develop and maintain Excel- and Power BI-based dashboards tracking key performance metrics.
- Perform basic ad-hoc analyses to answer business questions and support leadership decision-making.
- Collaborate with cross-functional teams to ensure data accuracy and consistency across reports.
- Support improvements to reporting processes by standardizing metrics and automating recurring tasks.
- Translate analytical findings into clear visualizations and summaries for non-technical stakeholders.

Data Analyst: Wipro Tech Ltd

Aug 2021 – Jun 2023

- Supported enterprise reporting and analytics initiatives across business and operations teams.
- Prepared and validated datasets using Excel and SQL to ensure accuracy and completeness.
- Assisted in building and maintaining standard reports and dashboards used for operational tracking.
- Conducted basic trend and performance analysis to support ongoing projects.
- Worked closely with analysts and stakeholders to resolve data issues and clarify reporting needs.
- Maintained documentation for data sources, definitions, and reporting processes.

EDUCATION

University of Houston, Houston, TX

Aug 2023 – May 2025

Masters in Computer Science

Jawaharlal Nehru Technological University, Hyderabad

Aug 2017 – May 2021

Bachelors in Electronics and Communication Engineering

SKILLS

- **Analytical Modeling:** Descriptive Statistics, Trend Analysis, KPI Analysis, Workforce & Recruiting Metrics
- **Programming & Databases:** SQL, Python (Pandas, NumPy – basic), Microsoft SQL Server
- **Data Visualization:** Power BI, Tableau, Excel (Advanced), Pivot Tables, Lookups
- **Data Management:** Data Collection, Data Cleaning, Data Validation, Data Quality Assurance, Reporting Automation
- **Tools & Platforms:** Excel, Power BI, ATS/CRM Data (concepts), HRIS Data (concepts)
- **Methodologies:** Agile, Ad-Hoc Analysis, Cross-Functional Collaboration, Process Improvement
- **Soft Skills:** Attention to Detail, Stakeholder Communication, Problem Solving, Time Management, Continuous Learning

PROJECTS

Workforce & Recruiting Metrics Dashboard

- Supported dashboards tracking pipeline trends, performance metrics, and operational KPIs.
- Assisted with data preparation and validation to ensure reliable reporting

Operational Reporting Automation

- Helped streamline recurring Excel-based reports by standardizing formulas and layouts.

Business Performance Insights Dashboard

- Designed and deployed an interactive Power BI dashboard integrated with Microsoft Fabric and SQL Server, delivering real-time insights into sales, operations, and customer KPIs.
- Utilized DAX measures and Power Query to create calculated metrics, optimize load times, and enhance data refresh performance.
- Implemented row-level security (RLS) to ensure data integrity and role-based report access for stakeholders.

CERTIFICATIONS

Visualize data with Power BI | Growth School

AWS Certified Developer – Associate
