Professional Summary

Aspiring Data Analyst pursuing BE in AI & Data Science with hands-on experience in Python, SQL, and data visualization. Skilled in analyzing datasets, building dashboards, and deriving actionable insights. Passionate about solving real-world problems through data-driven decision-making.

Academic Qualifications

Education	Year	Institution	Percentage/CGPA
SSC	2018	S S English Medium School	89.00%
HSC	2020	Nowrosjee Wadia College	60.92%
Diploma (Computer Engg.)	2022	AISSMS Polytechnic	79.09%
BE (AI & Data Science)	Pursuing (2026)	Zeal College of Engineering & Research	--

Technical Skills

- Programming:** Python, SQL, R (Basics)
- Data Analysis Tools:** Pandas, NumPy, Excel
- Visualization:** Tableau, Power BI, Matplotlib, Seaborn
- Database:** MySQL, MongoDB
- Others:** Machine Learning (Scikit-learn), Web Scraping, GitHub
- Soft Skills:** Problem-Solving, Critical Thinking, Communication

Projects

- UPI Fraud Detection System (Python, Pandas, NumPy, Scikit-learn, Supervised & Unsupervised Learning)**
Developed a machine learning-based system to identify and prevent fraudulent UPI transactions.
- Inventory and Sales Insights for E-Commerce Platform(Amazon)**
The goal of this project is to analyze inventory data from an e-commerce platform using Power BI.

Internships

- Renunciant – Data Analytics Intern**
 - Worked on customer segmentation using clustering and exploratory data analysis.
 - Assisted in building dashboards for business KPIs.
- Microsoft & SAP Tech Saksham Program 4.0**
 - Completed foundation course covering AI, cloud computing, and data skills.
- Kaggle & IBM Data Science Labs (Self-Learning)**
 - Participated in real-world case studies and competitions.

Achievements

- Practiced 50+ SQL queries on my own using online resources
- Watched 10+ hours of Power BI YouTube tutorials
- Learning Python through self-study and building small programs

Extra-Curricular Activities

- Contributed to open-source data projects on GitHub, focusing on public datasets and visualization.
- Attended webinars and workshops on topics like Data Storytelling, Power BI, and Responsible AI.
- Conducted peer-to-peer learning sessions on data cleaning, EDA, and project building in Jupyter Notebook.

Strengths

- Analytical Thinking | Leadership | Teamwork | Time Management | Self-Motivated Learner.

Hobbies

- Solving Problem | Playing Chess | Exploring Public Datasets | Learning New Tools.
