SKILLS & CERTIFICATIONS

Certifications: Microsoft Certified: Power BI Data Analyst Associate | SnowPro® Associate: Platform

Programming: SQL (T-SQL, MySQL, SnowSQL), Python (Pandas, NumPy, Scikit-learn, PyTorch, Matplotlib, Seaborn)

Business Intelligence and Automation: Power BI (DAX, M), Tableau, Advanced Excel, Google Analytics, Power Automate, Power Apps

Data Engineering: Data Modeling, Azure Data Factory, SSIS, Azure Databricks, Azure Synapse, Snowflake, ETL/ELT Pipelines

Emerging Tools: Microsoft Fabric, LangChain, ChromaDB, Retrieval-Augmented Generation (RAG)

PROFESSIONAL EXPERIENCE

Thermax Limited, Pune, India

November 2022 – July 2023

Business Intelligence Analyst

- Built Power BI financial reporting solution with star schema semantic model and 25+ DAX measures across 30+ active sites
- Reduced weekly financial reporting cycle by 50% (8 to 4 hours) by replacing manual Excel with weekly-refreshed Power BI datasets
- Consolidated SBU data into standardized BI framework, improving reporting consistency and reducing ad-hoc requests by 25%
- Implemented row-level security (RLS) by project manager and site location, enforcing access controls across operations teams
- Designed executive dashboards with drill-through navigation for 10+ KPIs (PBT, margin %, budget variance) across dimensions

Trailitytics, Gurugram, India

May 2022 – August 2022

Data Analyst Intern

- Analyzed campaign performance to identify underperforming ad segments, enabling account managers to reallocate \$50K+ in monthly ad spend and improve client campaign efficiency by 15-20%
- Developed Power BI dashboards for 6+ digital marketing clients to track campaign performance metrics including ROAS and CPI
- Designed data models supporting competitor benchmarking and market share analysis to inform client pricing strategy discussions

Thermax Limited, Pune, India

September 2021 – April 2022

Business Intelligence Intern

- Designed 15+ Power BI compliance dashboards from SAP Concur, automating expense policy monitoring and receipt tracking
- Built automated policy violation alerts and scorecards, reducing manual audit workload and improving expense policy adherence
- Conducted variance analysis on expenses and vendor spend, identifying inefficiencies and policy gaps for leadership review

ACADEMIC PROJECTS

ADARAN: JSOM AI Chatbot | LangChain, Mistral (Ollama), ChromaDB, Playwright, Streamlit

February 2025 – May 2025

- Architected an unstructured data pipeline using Playwright to scrape and structure 1,500+ university web pages, storing vector embeddings in ChromaDB for semantic search
- Developed a Retrieval-Augmented Generation (RAG) system using LangChain and Mistral, achieving ~90% retrieval accuracy for student queries and automating the university FAQ process

Azure Data Platform – Retail POS Analytics | Azure Data Factory, ADLS Gen2, Parquet

November 2025 – December 2025

- Built Azure data platform ingesting 5-year retail POS data via ADF with medallion architecture using ADLS Gen2 and Parquet
- Developed parameterized ADF pipelines with ForEach loops, orchestrating Mapping Data Flows for schema standardization
- Designed data transformations handling dirty data (UPC normalization, date parsing), joining POS with product attributes
- Architected ADLS Gen2 with Managed Identity across Raw, Bronze, and Curated (Parquet) layers for analytics consumption

E-commerce Performance Analytics System | Snowflake, Power BI, Google Analytics

December 2025 – January 2026

- Built a dimensional data warehouse in Snowflake, processing 100K+ Google Analytics sessions, implementing a star schema with 6 dimension tables and 3 fact tables across Raw/Analytics/Mart layers
- Created 20+ SQL transformations creating business metrics (conversion rate, AOV, CLV, CAC) with Streams-based incremental ETL
- Designed 5 Power BI dashboards with 15+ DAX measures for executive KPIs, traffic analysis, and e-commerce performance

EDUCATION

The University of Texas at Dallas

May 2025

Master of Science, Business Analytics and Artificial Intelligence

Manipal Academy of Higher Education, India

April 2022

Bachelor of Technology, Electrical and Electronics
