Professional Experience

Contract Specialist/Contracting Officer with SAT Warrant
United States Army – September 2020 – Present

- Provided expert contracting support to multiple Contracting Support Brigades, including the 413th CSB (Pacific), 408th CSB (CENTCOM), 414th CSB (EUCOM), and 419th CSB (CONUS), enabling synchronized acquisition operations across diverse theaters and supporting garrison, contingency, and expeditionary missions.
- Administered and closed out more than 75 contract actions, including service contracts (\$50K–\$5M), supply contracts (\$25K–\$2M), and construction actions (\$250K–\$10M), achieving a 100% on-time completion rate and maintaining fully compliant contract files.
- Oversaw pre-award and award functions for contracts exceeding \$10 million, preparing acquisition strategies, drafting solicitations, conducting evaluations, and coordinating with legal, finance, and technical stakeholders to ensure regulatory compliance and best-value outcomes.
- Executed and administered over 150 additional contract actions supporting installation, operational, and contingency requirements, ensuring all actions met regulatory timelines, documentation standards, and audit readiness expectations.
- Performed complex post-award management, including surveillance, invoice validation, performance assessments, and contract modifications, resulting in a 30% increase in operational readiness for supported units.
- Provided contracting support to U.S. Army Pacific Command (USARPAC) by executing service, supply, and construction procurements that enhanced sustainment, mobility, and quality-of-life programs for over 100,000 Soldiers, Civilians, and Families across the Indo-Pacific region.

Supply Specialist

United States Army – January 2013 – September 2020

- Oversaw all supply operations for the Headquarters element, managing the request, receipt, issuance, and accountability of more than 2,700 pieces of organizational equipment.
- Maintained 100% accountability of sensitive items through rigorous inventories, compliance checks, and discrepancy mitigation.
- Held direct responsibility for \$26 million in organizational and installation property, ensuring proper safeguarding, documentation, and lifecycle management.
- Managed procurement, storage, and distribution of supplies and equipment valued at over \$3.3 million, supporting mission readiness across the brigade.
- Led and developed three Soldiers, overseeing their health, welfare, and professional training while fostering a cohesive, growth-oriented team environment.
- Initiated and processed Financial Liability Investigations of Property Loss (FLIPL) to resolve accountability issues and reinforce responsible supply chain practices.
- Improved inventory management efficiency by implementing advanced software tools, reducing processing time by 30%.
- Contributed to budget planning and forecasting efforts, achieving a 15% reduction in supply costs through strategic procurement and resource optimization.
- Conducted detailed analyses of supply utilization trends, improving forecasting accuracy by 20% and aligning inventory levels with operational requirements.

Education

Master of Business Administration (MBA)

American Public University, 2024

Bachelor of Business Administration (BBA)

Clayton State University, 2009

- Minor in Supply Chain Management and Finance

Certifications

- CFCM (Certified Federal Contract Manager)
- DAWIA (Defense Acquisition Workforce Improvement Act) Certification
- Certified Logistics Associate (CLA)
- Demonstrated Logistician (DL) Certification
