Professional Experience

Data Analyst

June 2024 - Present

Axzora Resourcing LLC

- Collecting, cleaning, and pre-processing structured and unstructured datasets from various sources to support analytical reporting and business insights.

- Writing complex SQL queries to extract and analyze data from relational databases such as MS SQL Server, Oracle, and PostgreSQL.
- Designing and developing interactive dashboards and reports using Power BI, Tableau, or Excel, to visualize KPIs, trends, and performance metrics.
- Collaborating with cross-functional teams to translate business requirements into actionable data models and reporting solutions.
- Conducting exploratory data analysis (EDA) and statistical testing to identify patterns, anomalies, and actionable insights.

Marketing Analyst / Coordinator

MBSIT – Hyderabad, India

June 2021 – May 2022

- Implemented an email automation system that increased lead follow-up efficiency by 50% and improved conversion rates by 20%, driving higher sales performance.
- Conducted market research to identify customer trends and preferences, providing insights that informed product development and marketing strategies.
- Analyzed marketing and campaign data to generate actionable reports, optimizing campaign performance and maximizing ROI.
- Managed customer interactions at the front desk, promptly resolving inquiries and ensuring a smooth and positive client experience.
- Utilized CRM tools to track leads, monitor customer interactions, and streamline communication processes.
- Collaborated with marketing and sales teams to design targeted campaigns based on data-driven insights.

CRM Sales & Marketing Coordinator

Grand Hyatt – Kochi, India

June 2020 – May 2021

- Managed the company's **CRM platform** to track leads, follow up on client interactions, and maintain accurate customer data across multiple sales channels.
- Collaborated with the **marketing and sales teams** to design and execute digital campaigns, resulting in a 25% increase in customer engagement and new client acquisitions.
- Analyzed **sales funnel metrics** and generated weekly reports using Excel and CRM dashboards to support strategic decision-making.
- Built personalized email marketing templates and automated follow-ups through CRM workflows, reducing manual effort and improving response rates.
- Acted as the bridge between the **sales, operations, and customer service teams**, ensuring smooth communication and consistent customer experiences.
- Conducted post-campaign evaluations to measure performance, identify improvement areas, and refine marketing strategies for future outreach.
