

SUMMARY

Supply Chain Analyst with 4+ years of experience driving process optimization across healthcare and e-commerce domains. Proven expertise in demand forecasting, inventory management, logistics coordination, and cost reduction strategies. Skilled in leveraging Excel (Advanced), SQL, Power BI, and SAP to analyze large datasets, automate reporting, and monitor KPIs. Adept at collaborating with procurement, warehousing, and distribution teams to streamline supply chain performance and enhance customer satisfaction. Recognized for applying data-driven decision-making to improve efficiency, accuracy, and overall operational outcomes.

SKILLS

**Supply Chain & Operations:** Inventory Management, Demand Forecasting, Order Fulfillment, Logistics Optimization, Warehouse Management, Procurement, Transportation Planning, Distribution Planning, Contract Negotiation, Inventory Turnover Optimization, Reverse Logistics, Sales & Operations Planning (S&OP), Stock Optimization

**Analytics & Tools:** Supply Chain Analytics, SQL, Python (Pandas, NumPy, Matplotlib), ERP Systems, SAP (MM, SD, EWM, IBP), Oracle, Manhattan WMS, Smartsheet, MS Excel (Pivot Tables, VLOOKUP, Macros, Power Query), MS Project, Power BI, Tableau, KPI Tracking, Data Visualization, Reporting Automation

**Process & Strategy:** Workflow & Business Process Optimization, End-to-End Supply Chain Strategy, Cost Reduction, Resource Planning, Operational Excellence, Lean Six Sigma, Root Cause Analysis, Continuous Improvement, Kaizen

**Soft Skills:** Cross-Functional Collaboration, Stakeholder Communication, Problem Solving, Time Management, Attention to Detail, Decision Making, Presentation Skills
