(Open to Relocate) Dallas City, TX | +1 (945) 257-7577 | Karuturiabhishekram99@gmail.com | <https://www.linkedin.com/in/abhishek-ram-karuturi/>

Summary

Data Analyst with 3+ years of experience delivering actionable insights and building scalable ETL pipelines using SQL, Python, BigQuery, and BI tools. Experienced in analyzing 3M–5M+ records, performing EDA, regression, and A/B testing, and designing dashboards tracking 20+ KPIs to optimize business performance. Proven track record in automating workflows, improving reporting efficiency by up to 70%, and enabling data-driven decisions with 92%+ forecasting accuracy.

Technical Skills

Programming Languages: Python, SQL, R

SQL & Databases: MySQL, PostgreSQL, Microsoft SQL Server, Oracle, Snowflake, Google BigQuery, Relational Database Design, Complex Joins, Subqueries, Query Optimization, Indexing

Data Analysis & Statistics: EDA, Descriptive Statistics, Inferential Statistics, Regression Analysis, Hypothesis Testing, A/B Testing, Data Modeling, Forecasting, Time Series Basics, Statistical Reporting

Data Cleaning & Transformation: Data Cleaning, Data Preprocessing, Data Wrangling, Feature Engineering, Outlier Detection, Missing Value Treatment, Data Validation

ETL & Data Engineering: ETL Processes, Apache Airflow, dbt, Talend, Alteryx, Data Pipelines, Data Integration, Scheduling & Automation

Business Intelligence & Visualization: Tableau, Power BI, Looker Studio (Google Data Studio), QlikView, SAS Visual Analytics, Interactive Dashboards, KPI Dashboards, Executive Reporting, Performance Indicators (PI), Dashboard Design

Business Analytics & Communication: Stakeholder Management, Business Requirements Gathering, Data Storytelling, Insights Presentation, Decision Support, Cross-functional Collaboration

Marketing, Product & CRM Analytics: Google Analytics 4 (GA4), Funnel Analysis, Cohort Analysis, Attribution Modeling, Salesforce Analytics, Customer Segmentation

Spreadsheets & Productivity Tools: Microsoft Excel (Advanced: Pivot Tables, Power Query, Power Pivot, VLOOKUP/XLOOKUP, Macros)

Big Data & Cloud Platforms: Apache Spark, Hadoop, AWS Redshift, Azure Synapse, Google BigQuery, Cloud Data Warehousing

Version Control & Collaboration: Git, GitHub, JIRA, Confluence

Professional Experience

S&P Global

(Remote) Dallas City, TX

Data Analyst

Dec 2024 – Present

- Analyzed and modeled datasets containing **5M+ financial and market records** using **SQL, Python, and BigQuery**, improving forecasting accuracy by **28%** and supporting executive decision-making.
- Built and automated **ETL pipelines** with **Airflow and dbt**, reducing data refresh time by **45%** and improving pipeline reliability to **99.8% SLA compliance**.
- Designed **interactive Tableau and Power BI dashboards** tracking **20+ KPIs**, enabling stakeholders to reduce reporting turnaround time by **60%** and increase insight adoption by **35%**.
- Performed **EDA, regression analysis, hypothesis testing, and A/B testing** on customer and product datasets, driving **15% improvement in conversion metrics** and optimizing funnel performance.
- Optimized complex SQL queries and indexing strategies, reducing query execution time by **40%** and lowering cloud data warehouse costs by **25%**.

Hindustan Computers Limited (HCL)

Telangana, India

Data Analyst

June 2020 – Dec 2022

- Processed and analyzed **3M+ transactional and CRM records** using **SQL, Excel, and Python**, improving data accuracy by **30%** through advanced data cleaning and validation techniques.
- Built end-to-end **ETL workflows** using **Talend and Alteryx**, automating **70% of manual reporting tasks** and reducing operational effort by **1,200+ hours annually**.
- Developed **executive dashboards and KPI reports** in **Power BI and QlikView** for **15+ business stakeholders**, increasing reporting efficiency by **50%** and enabling faster business decisions.
- Conducted **customer segmentation, cohort analysis, and attribution modeling**, contributing to **18% growth in customer retention** and improving marketing ROI by **22%**.
- Partnered with cross-functional teams to gather business requirements and deliver **data-driven insights**, supporting revenue forecasting models with **92% accuracy**.

Education

MS in Business Analytics & AI | The University of Texas at Dallas **GPA 3.96/4.0**

Dec 2024

Bachelors in Business Administration | Manipal Academy of Higher Education Manipal

July 2021

Certificates

- Google Professional Data Analytics Certificate
- Microsoft Certified: Power BI Data Analyst Certificate
- AWS Certified Data Analytics – Specialty
- Snowflake Hands-on Essentials – Data Warehouse
- IBM Introduction to Data Analytics Certificate
