WORK EXPERIENCE

SemPresto, Inc. | Regulatory Affairs Associate | Weston, MA

Apr 2025 - Jun 2025

- Led development of 505(b)(2) NDA for an autoinjector in compliance with 21 CFR Part 314 and FDA guidance for combination products
- Built regulatory strategy using existing Reference Listed Drug (RLD) and CMC data to accelerate submission timelines
- Drafted justifications for human factors testing, bioequivalence waivers and Instructions for Use (IFU) to guide early-phase planning
- Consolidated clinical, device and regulatory inputs into structured pre-submission (Q-Sub) package achieving cross-functional alignment

PurcellAI | Regulatory Affairs Associate | Remote, UK

Apr 2024 - Jul 2024

- Verified Class IIa and III classifications for AI-based Software as a Medical Device (SaMD), compiling ISO 14971 risk management and clinical evidence for FDA and EU MDR submissions
- Developed global regulatory strategy for smart inhaler and SaMD, applying IMDRF and TGA guidance to accelerate compliance
- Implemented post-market surveillance per ISO 13485, ensuring timely adverse event reporting and patient safety monitoring
- Authored technical and regulatory documentation aligned with ICH GCP, ISO 14155 and EU MDR for audits and market approval

BioElectronics | SOP Development Intern | Frederick County, MD

Jan 2024 - Apr 2024

- Authored an EU MDR 2017/745-compliant UDI SOP for Class IIa devices, supporting EUDAMED readiness and Notified Body submissions
- Developed labeling and electronic UDI processes aligned with cGMP and 21 CFR Part 11 to ensure regulatory data integrity
- Performed MDD-to-MDR gap analysis, driving QMS and documentation updates to meet UDI and CE-mark requirements

Cipla Ltd. | Quality Assurance Officer | Mumbai, India

Jan 2022 - Jan 2023

- Optimized Batch Manufacturing and Packaging Records for 90+ batches, improving GDP compliance and reducing processing time by 30%.
- Managed 40+ CAPA events using FMEA-driven root cause analysis and risk assessment, ensuring audit readiness
- Revised 6 SOPs per current cGMP, ICH Q10 and ISO 9001 standards, enhancing procedural clarity and data integrity
- Compiled CMC data and technical reports for eCTD Module 3 to support global submissions
- Executed 5 validation protocols, analyzing process parameters and equipment calibration to cut errors by 15%

Girgaum Chemist | Pharmacy Consultant | Mumbai, India

Jun 2020 - Nov 2020

- Counseled 20+ patients weekly on medications adherence, side effects and contraindications to enhance patient safety
- Reviewed over 60 prescriptions daily, verifying drug selection, dosage and labeling met pharmacy standards
- Managed inventory of pharmaceutical products, tracking expiry and maintaining audit-ready documentation
- Prepared audit reports for inventory, dispensing and pharmacovigilance, ensuring quality and regulatory compliance

PROJECTS

Regulatory Strategy Development for Medical Device (U.S., EU, Canada, Australia, Mexico, Brazil)

Northeastern University

- Built global regulatory strategy for Class III device, covering PMA, PMA supplements, CE Marking and product registrations
- Defined IDE and PMA pathways per 21 CFR 812 & 814, including annual reports and change notifications for lifecycle compliance

Clinical Study Documentation for Cushing's Disease Trial

Northeastern University

- Drafted ICF, CSR, and IB in compliance with FDA/EMA and ICH E6 GCP for regulatory submissions per ICH GCP & ISO 14155
- Created DSURs and Annual Reports ensuring safety reporting and protocol compliance

510(k) Submission for a Pulse Oximeter

Northeastern University

- Compiled FDA 510(k) and CE Mark technical documentation per 21 CFR 807 and EU MDR 2017/745
- Supported postmarket surveillance, complaint handling, vigilance reporting and labeling compliance

EDUCATION

Northeastern University | Boston, MA

Sep 2023 - Jun 2025

MS in Regulatory Affairs, specialization in Drugs, Biologics and Medical Devices

GPA 3.68/4.00

University of Mumbai | Mumbai, India

Jun 2019 - May 2023

Bachelor of Pharmacy

GPA 3.7/4.00

SKILLS

Regulatory Affairs: FDA/EMA/ICH Guidelines, 21 CFR Regulations, IND/NDA/ANDA/BLA/PMA/IDE/510(k) Submissions, eCTD Submissions, EU MDR 2017/745 & IVDR 2017/746, Labeling & UDI Compliance (GUDID, EUDAMED), Risk Management (ISO 14971), Post-Market Surveillance, Vigilance Reporting, SaMD/AI/ML, SOP Development, OPDP Promotional Review

Quality Assurance: Quality Management Systems (QMS, ISO 13485, ISO 9001), Good Manufacturing/Documentation/Laboratory Practices (cGMP, GDP, GLP), CAPA/Deviation/Change Control Management, Root Cause Analysis (FMEA), Validation Protocols (IQ/OQ/PQ), Design History File (DHF), Audit Readiness (FDA, EMA, Notified Body)

Clinical/Medical Affairs: Good Clinical Practice (GCP, ICH E6, ISO 14155), Clinical Trial Start-Up (Feasibility, IRB Submissions, Site Activation), Informed Consent Forms (ICF), Case Report Forms (CRFs), Clinical Study Reports (CSRs), Clinical Study Protocol (CSP), Investigator's Brochures (IB), Clinical Data Review, TMF/eTMF Management, Adverse Event Reporting, Safety Reporting (SAE, SUSAR)

Technical Tools/Writing: Veeva Vault, eQMS, MasterControl, TrackWise, MS Office Suite (Word, Excel, PowerPoint), ClinicalTrials.gov/PubMed Navigation, Scientific & Regulatory Writing, Manuscript Editing & Scientific Accuracy Verification

Certifications: Good Clinical Practices, NIDA; Clinical Trials Design, Interpretation and Management, JHU; Drug Discovery, Drug Development and Product Management, UC San Diego
