

Chirag Ray

WEB DEVELOPER

raychirag7692@gmail.com | +1 (226)757-2112 | Windsor, ON |

PROFESSIONAL SUMMARY

Entry-level Front-End / Web Developer with hands-on experience building responsive, user-centric React single-page applications supporting 5,000+ users. Proficient in JavaScript, React, HTML, CSS, REST API integration, and SQL, with a strong understanding of modern front-end development practices, accessibility, and performance optimization. Experienced working in Agile/Scrum team environments with exposure to unit testing using Jest and Jasmine. Currently pursuing a Master of Applied Computing in Canada and seeking co-op, junior, or entry-level Front-End / React Developer opportunities to contribute to scalable, high-quality web applications while continuing to grow professionally.

TECHNICAL SKILLS

- **Programming Languages:** JavaScript (ES6+), HTML5, CSS3, SQL, C,
- **Frameworks & Libraries:** React, Node.js.
- **Web Development Concepts:** RESTful APIs, Component-Based Architecture, Object-Oriented Programming (OOP), Software Design Patterns
- **Testing:** Unit Testing ,Jest, Jasmine
- **Tools:** Git, GitHub, Visual Studio Code
- **Web Standards & Practices:** Responsive Web Design, Accessibility (WCAG basics), Cross-Browser Compatibility
- **Methodologies:** Agile / Scrum
- **Cloud & Platforms:** Responsive Design, Accessibility, Agile/Scrum, AWS / Azure / GCP

PROFESSIONAL EXPERIENCE

Front-End Web Developer | Wizard Digital Info Pvt Ltd | January 2025 – April 2025

- Developed and maintained React-based web applications serving 5,000+ users.
- Collaborated with developers to design and integrate RESTful APIs using C#.
- Wrote and optimized SQL queries to support backend services.
- Assisted in testing and debugging features across desktop and mobile platforms.
- Contributed to unit testing using Jasmine, achieving 85% test coverage.

Intern Web Developer | Collabera Digital., Vadodara , India | January 2024 – April 2024

- Analysed problems and worked with teams to develop effective solutions.
- Sorted and organized files, spreadsheets, and reports to support project workflows.
- Explored new technologies and approaches to streamline development processes.
- Participated in workshops and project presentations to gain industry knowledge.

Web Developer | Ingenios Technology, Vadodara, India | June 2022 – July 2023

- Built responsive web applications using React, JavaScript, and HTML5.
- Designed and implemented RESTful APIs using C# and software design patterns.
- Optimized SQL queries, reducing execution time by 25%.
- Conducted unit testing using Jest, achieving 90% coverage.

PROJECTS

E-Commerce Web Application

- Built a responsive e-commerce web application using **React** with reusable components and modern JavaScript (ES6+).
- Integrated **RESTful APIs** for dynamic product listings and user authentication, enabling real-time data handling.
- Implemented client-side routing and state management using **React hooks**, ensuring smooth navigation and performance

Personal Portfolio Website

- Designed and developed a responsive personal portfolio website using **HTML5, SASS, and JavaScript**.
- Implemented modern UI styling and layout techniques to ensure **cross-browser compatibility and mobile responsiveness**.
- Optimized site performance and deployment for **high availability and fast load times**

EDUCATION

- **Master of Applied Computing (In Progress)** | May 2025 - Present
University of Windsor, Windsor, ON
- **Bachelor of Engineering in Information Technology** | June 2016 - May 2019
Gujarat Technological University, Gujarat, India
