

Rahul Ankoshkar

Software Engineer

Gainesville, FL USA | +1 (352) 709-6230 | rahulankoshkar12@gmail.com | [LinkedIn](#) | [GitHub](#)

Summary

Software Engineer Backend with **3+ years of experience** building **scalable, secure, and high-performance backend systems** for enterprise applications in the **US and global markets**. Deep expertise in **Java (8/11/17), Spring Boot, RESTful microservices, SQL databases, and AWS cloud services**. Proven ability to design backend architectures, develop production-ready APIs, automate CI/CD pipelines, and support critical production systems within **Agile/Scrum environments**. Seeking **Software Engineer (Backend)** roles in the US.

Skills

Programming Languages: Java (8, 11, 17), Python, SQL, JavaScript

Backend & Microservices: Spring Boot, Spring MVC, Hibernate, JPA, RESTful APIs, Microservices Architecture, API Versioning, Swagger/OpenAPI, Exception Handling

Databases: MySQL, PostgreSQL, Oracle, MongoDB, Schema Design, Indexing, Query Optimization, Transaction Management

Cloud & DevOps: AWS (EC2, S3, RDS, Lambda, IAM), Docker, Kubernetes (basic), Jenkins, GitHub Actions, CI/CD Pipelines, CloudWatch

Security & Performance: Spring Security, JWT-based Authentication & Authorization, JVM Fundamentals, Performance Tuning, Caching (Redis – basic)

Testing & Quality: JUnit, Mockito, Integration Testing, Debugging, Code Reviews, Production Support

AI / ML Integration: Python, Pandas, NumPy, Scikit-learn, TensorFlow, PyTorch, ML Model Integration with Backend Services

Experience

Software Engineer

Jan 2025 – Present

Prudential Financial

United States

- Designed, developed, and maintained **Java 17 backend microservices** using Spring Boot and Hibernate for large-scale financial systems.
- Built **RESTful backend APIs** with proper request validation, global exception handling, and clear API contracts using Swagger/OpenAPI.
- Implemented **backend CI/CD pipelines** with Jenkins and GitHub Actions, reducing deployment cycles by **40%** and improving release stability.
- Deployed and operated backend services on **AWS (EC2, RDS, Lambda, S3)** with secure IAM policies and environment-specific configurations.
- Integrated **machine learning models** into backend workflows using Python services to support predictive and data-driven backend features.
- Wrote comprehensive **unit and integration tests** using JUnit and Mockito, increasing code coverage and reducing production defects by **35%**.
- Monitored and supported backend systems in production through log analysis, performance tuning, and incident resolution.
- Collaborated closely with frontend, QA, DevOps, and product teams as a **backend specialist** in an Agile/Scrum setup.

Tech Stack: Java 17, Spring Boot, Hibernate, REST APIs, AWS, Docker, Jenkins, GitHub Actions, MySQL, Maven, Python

Software Engineer

Feb 2021 – Dec 2022

Hexaware Technologies

India

- Developed and enhanced **Java-based backend services** using Java 8/11, Spring Boot, Spring MVC, and Hibernate for enterprise platforms.
- Designed and consumed **RESTful backend APIs** enabling communication between microservices and external systems.
- Implemented efficient **JPA/Hibernate mappings** and optimized SQL queries to improve backend performance and database efficiency.
- Worked extensively with **Oracle and MySQL** databases, handling backend schema design, indexing, and transaction management.
- Supported backend build and deployment workflows using **Git, Maven, and Jenkins**.
- Collaborated with QA and cross-functional teams during backend integration testing, bug fixes, and regression cycles.
- Followed **Agile/Scrum methodologies**, contributing as a backend engineer throughout the SDLC.

Tech Stack: Java 8/11, Spring Boot, Spring MVC, Hibernate, JPA, REST APIs, Oracle, MySQL, Git, Maven, Jenkins

Education

Master of Science in Computer Science

Jan 2023 – Dec 2024

University of Florida

United States

Bachelor of Science in Computer Science

Jun 2019 – Nov 2022

Manipal University

India

Certifications

- AWS Certified Developer – Associate**
- Google Data Science Professional Certificate | Coursera
