Work Experience

Norwegian Cruise Line

Category Manager – Contractor (Oct 2025 – Present)

- Executed three sourcing initiatives for scrubber, air compressor, and water pump spare parts, managing \$5M spend and delivering 6% overall savings.
- Utilized Keelvar for competitive sourcing and developed actionable proposals to guide leadership decisions.
- Negotiated pricing and contract terms to maximize value and strengthen supplier relationships

Verizon

Manager of New Product Introduction (Apr 2021 - Sep 2024)

- Delivered 98% success rate for multi-phase product launches at major retailers including Walmart, Best Buy, and Target, ensuring flawless execution and market readiness.

- Designed and implemented NPI frameworks that reduced development cycles by 23% in one year, accelerating time-to-market and improving cross-functional collaboration.
- Oversaw end-to-end product launch process for 10 major launches annually (150 SKUs), aligning with business objectives and customer needs to drive revenue growth.

Sr. Manager of Supply Chain (Aug 2019 - Apr 2021)

- Directed a team to promote collaboration between suppliers, sales, and marketing, improving alignment by 30% for product launches within six months.
- Led device refurbishment projects that eliminated operational bottlenecks by 42% over one year through innovative process improvements.
- Managed production schedules across six third-party logistics providers (3PLs), achieving a monthly shipment volume of 1.3 million units.

Boeing

Supply Planning Manager (Sep 2013 - Aug 2019)

- Collaborated with a team of five planners to achieve a 37% increase in forecast accuracy in the first year by cleaning master data and utilizing advanced analytics.
- Enhanced planning efficiency by leading SIOP (Sales, Inventory & Operations Planning) Supply Review preparation, fostering improved cross-functional teamwork, and delivering a 20% increase in forecast accuracy in Q3.

Systemax, North American Technology Group

Merchandise Planner, Computing Division (Jun 2012 - Sep 2013)

- Developed comprehensive financial plans to align with merchandising and financial goals, managing a \$40 million budget.
- Analyzed market trends and sales data to strengthen Open-to-Buy management, optimizing inventory and reducing costs.

Brightstar Corporation

Inventory Manager (Nov 2008 - Feb 2012)

- Oversaw inventory management for eighteen subsidiaries, handling 2,000 SKUs valued at \$11 million.
- Formulated inventory reduction strategies by evaluating product movement and market trends, resulting in improved operational efficiency.

Education

Barry University

Bachelor of Arts in Business with a Marketing Concentration
