Philadelphia, PA

(215) 500-0925 | darnone17@gmail.com | www.linkedin.com/in/dante-arnone-b343b6142

Professional Summary

Data Analyst with 4 years of experience performing data analysis, visualization, and database management on large datasets. Skilled in advanced Excel, SQL, Power BI, Tableau, Looker and more. Passionate about translating complex data into meaningful insights through clean, accurate, and actionable analysis. Seeking to leverage analytical abilities to drive data-based decision making.

Professional Experience

MindMax (April 2024 – November 2025)

Data Analyst

- Executed ETL on raw consumer data before importing into BigQuery and Looker for advanced data analysis.
- Designed dynamic Looker dashboards and pivot tables that uncovered vital marketing KPIs and other key insights for stakeholders.
- Utilized SQL to organize, update, standardize, prepare and analyze data from various sources (Salesforce, ad platforms, Google analytics, web traffic, Excel, Google sheets).
- Improved client ROI and Cost Per Lead through campaign, web traffic and leads analysis.
- Worked with stakeholders, including marketing and enrollment teams, to assist with data-related technical issues and support their data infrastructure needs.

Integrichain (February 2021 – December 2023)

Data Analyst

- Performed ETL and in-depth financial analysis within Excel on multi-million row 340B pharmaceutical datasets, identifying key market trends and forecasting sales.
- Constructed SQL queries to update and analyze pharmaceutical data from databases of clients like Pfizer and Johnson & Johnson.
- Designed and deployed dynamic Power BI dashboards, presenting complex data findings and projections to stakeholders, leading to clearer understanding of financial performance.
- Ensured large scale Pharmaceutical Wholesalers were able to deliver drugs on time.
- Aided manufacturers in keeping up to date with 340B discounts and 844/849 chargebacks.

Education

- **Pennsylvania State University**
- *Bachelor of Science - Business Management*

Certifications
