

Suril Patel, CPIM

(240) 990-6018 | patelsuril09@gmail.com | [LinkedIn](#)

SUMMARY

Supply Chain professional (CPIM) with hands-on experience across inventory optimization, logistics execution, and process improvement. Proven track record of delivering cost reductions and improved capacity utilization, while working with global logistics networks and ERP systems. Strong analytical skills and cross-functional communication skills with experience in high-volume, time-critical supply chain environments.

EDUCATION

University of Maryland | College Park, MD, USA

Aug 2023 – Dec 2024

Master of Science in Supply Chain Management, GPA 3.89

Ahmedabad University | Ahmedabad, GJ, India

Jul 2019 – Jun 2023

Bachelor of Technology in Mechanical Engineering, GPA 3.45

EXPERIENCE

Logistics Specialist | Mediterranean Shipping Company | Baltimore, MD, USA

Feb 2025 – Present

- Created and managed 260 vessel load lists and reconciled discrepancies between Terminal and MSC systems for 90,000+ containers.
- Responded to real-time disruptions in intermodal schedules and container availability to minimize downstream delays.
- Improved vessel capacity utilization across 18 Terminals by 3% by improving Load List accuracy.
- Optimized the loading of US origin cargo from Canadian terminals and reduced storage costs by 7% by on-time delivery of Load Lists.
- Developed Power BI dashboard to track KPIs for Transshipment units and present analysis to management.
- Monitored long dwelling inventory at Terminals and reduced demurrage costs by 5% by identifying early loading opportunities.

Supply Chain Intern | Millipore Sigma | Rockville, MD, USA

Jun 2024 – Nov 2024

- Conducted historical data analysis to formulate optimal safety stock levels for non-GMP materials and developed inventory classification models to improve material availability for labs.
- Designed and implemented a standardized PPE usage procedure to consolidate suppliers and reduced procurement costs by 34%.
- Reduced disposable PPE variants by 93% by enabling centralized storage and standardizing usage across labs.
- Coordinated internal GMP material requisitions to ensure just-in-time fulfillment.
- Created storage zones based on materials usage velocity to optimize materials flow.

Inventory Analyst Intern | S. D. Patel & Co. | Ahmedabad, GJ, India

Aug 2022 – May 2023

- Managed inventory levels across the DC to ensure optimal stock positioning and reduced stock-outs by 6%.
- Analyzed inventory trends, turns and lead times to improve availability.
- Improved inventory discrepancies by 10% by conducting cycle counts for 300+ SKUs.
- Created Tableau dashboard to monitor Days of Supply, stock-outs and identify slow moving SKUs.
- Developed forecasts by collaborating with Sales to enhance visibility and improved inventory turnover by 3% through planning parameter adjustments.
- Reduced on-hand inventory by 3% by collaborating with Sales on regression-based forecasting and planning adjustments.
- Assisted in Purchase Order (PO) creation to ensure timely inventory replenishment.

Supply Chain Intern | Tide Water Oil Co. (India) Ltd. | Silvassa, DN, India

Jun 2022 – Jul 2022

- Supported Production Activity Control to balance line capacity with demand and reduced idle time by 6%.
- Applied 5S and inventory management principles to streamline production flow, cutting turnaround time by 3%.
- Coordinated material requirements planning with shop floor teams to ensure uninterrupted production runs.

PROJECTS

Process Improvement Project with Fastenal

Sep 2023 – Oct 2023

- Collaborated on an experiential learning project with Fastenal to conduct a process improvement analysis that achieved a 16% cost reduction, through Vendor-Managed Inventory (VMI) solutions.

Global Supply Chain Sustainability Case Study Competition

Sep 2023 – Oct 2023

- Co-designed a downstream distribution system for Shanghai Aiyingshi (Babemax), focusing on sustainable logistics and cost efficiency via a shared pallet system.

SKILLS AND CERTIFICATIONS

- Tools:** MS Excel (VLOOKUP, Pivot Tables, advanced modeling), SQL, Tableau, Power BI, SAP S/4HANA, Oracle EBS, Microsoft Dynamics 365
- Planning & Analytics:** Inventory Management, Capacity Planning, Demand Forecasting, Supply Management, KPI Development and Tracking
- Certified in Planning and Inventory Management (CPIM) – APICS**
- Lean Six Sigma Green Belt** – University of Maryland
