Hattiesburg, MS | 601-818-5309 | alejandra.huayanca.95@gmail.com | [LinkedIn](#) | [Data Analytics Portfolio](#)

SUMMARY

Junior Data Analyst experienced in analyzing large datasets, developing data models, and generating reports to support decision-making. Proficient in Python and Power BI, with expertise in data visualization and data analytics.

RELEVANT SKILLS & EXPERTISE

- **Tools/Languages:** Spreadsheets, Github
- **Strengths:** Problem-solving, Collaboration, Attention to Detail, Project Management, Communication, Time Management
- **Software Platforms:** Microsoft 365 Suite, Google Workspace, Slack, Zoom, Kaggle, Loom
- **Data Management:** Data Collection, Data Cleaning, Data Structures, Data Visualization, Data Ethics
- **Data Analytics:** Python, R (RStudio), SQL (BigQuery & MySQL), Power BI, Tableau, Data Analysis, Data Modeling, Statistics

DATA ANALYSIS PROJECTS

Data Analytics Capstone Project

Jan 2025

Google Data Analytics Professional Certificate

- Imported 12 Excel datasheets with millions of entries into R, then used tidy package to clean the datasets and prepare them for analysis
- Joined all of the datasets together, created subsets of the data, and converted each attribute to the proper data type before performing analysis to find differences between members and casual customers
- Developed visuals using the ggplot2 package to display the analysis results and provide meaningful conclusions for stakeholders to implement

DataCamp SQL Fundamentals

Nov 2024

DataCamp

- Completed more than 4 SQL courses in DataCamp, including Intermediate SQL, Joining Data in SQL, Data Manipulation in SQL, and Exploratory Data Analysis in SQL
- Utilized SQL functions such as WHERE and GROUP BY to filter and functions such as AVG, COUNT, MIN, MAX, and ROUND to analyze student mental health data trends in the DataCamp project Analyzing Students' Mental Health.

PROFESSIONAL EXPERIENCE

Papito's Mexican Grill

Jun 2020 - Present

Hostess

Hattiesburg, MS

- Operate point-of-sale system, processing an average of 40 orders per shift, to ensure timely and accurate delivery of food
- Analyze daily sales data and generate detailed reports for management, uncovering revenue trends and supporting data-driven decision-making
- Developed a data-driven approach to seating allocation for 20+ tables, designing models to optimize server workloads and increase operational efficiency
- Use effective communication skills to diffuse customer concerns and consistently ensure customer satisfaction

Revature

Sep 2019 - Jun 2020

Junior Full-Stack Developer

Morgantown, WV

- Trained in full stack software development and experienced team-oriented Java development with the use of SQL backend and Javascript CSS frontend

Mississippi State University

Nov 2016 - Dec 2017

Student Technical Assistant

Starkville, MS

- Resolved staff complaints related to low-level tech support problems, following up promptly and escalating complaints to IT and ensuring a timely resolution
- Enhanced performance of computers/systems by performing upgrades and repairs, testing and cleaning desktop computers for optimal performance

EDUCATION

Mississippi State University, Starkville, MS

Dec 2018

Bachelor of Science, Computer Science

Starkville, MS

CERTIFICATION

- **Google Data Analytics Certificate: Merit America, Virtual – 01/2025;** Cultivated skills in the collection, transformation, organization, and visualization of data in order to draw conclusions, make predictions, and drive informed decision-making; Completed hands-on labs and a capstone project (case study) to master the art and science of asking questions, preparing, processing, analyzing, visualizing, and acting on data as encountered in real-world scenarios; Collaborated with training cohort to gain proficiency in team-based project management, task prioritization, problem-solving, and frequent use of Google Workspace tools
