

AMARTHYA SANGANABHATLA

Supply Chain Analyst

DALLAS, TX, USA (OPEN TO RELOCATE) | +1 (475) 766-0885 | amarthya2025@gmail.com | [LinkedIn](#)

Professional Summary

Supply Chain Analyst with 3 + years of experience in optimizing procurement, inventory, and logistics operations. Achieved a 20% reduction in lead times, improved inventory accuracy by 25%, and contributed to a 15% decrease in overall supply chain costs through data-driven strategies. Skilled in SQL, Excel, Power BI, and ERP systems (Oracle), with a strong focus on continuous improvement, cross-functional collaboration, and supply chain efficiency using Lean Six Sigma principles.

Professional Experience

Dublone, USA

Feb 2025 – Present

Supply Chain Analyst

- **Enhanced Forecast:** Improved forecast accuracy by 30%, reducing stockouts by 25% and excess inventory by 20% through advanced analytics.
- **Accelerated Fulfillment:** Cut lead times by 27% and boosted customer satisfaction by 18% via Lean Six Sigma-based process reengineering.
- **Automated Reporting:** Designed and deployed real-time Power BI dashboards integrated with ERP (SAP/S4 HANA) and Excel datasets, reducing manual reporting hours by 40% and enabling data-driven decision-making across departments.
- **Strategic Sourcing Optimization:** Negotiated supplier contracts with procurement, securing 17% cost savings without quality trade-offs.
- **Risk & Root Cause Analysis:** Conducted end-to-end supply chain risk assessments and root cause analyses to mitigate disruptions, improving supply reliability by 19% and strengthening supplier resilience.
- **Cross-Functional Collaboration:** Aligned procurement, logistics, and production workflows, improving efficiency by 12%.
- **Supplier Performance Management:** Directed supplier scorecard programs to monitor KPIs (OTD, quality, cost), increasing on-time delivery by 28% and reinforcing strategic supplier partnerships.
- **Sustainability & Compliance:** Drove sustainability initiatives, cutting packaging waste and carbon footprint by 10%.

Techecy, India

May 2020 – Dec 2022

Supply Chain Analyst

- **Enhanced Forecast Accuracy:** Improved demand forecast precision by 27% using predictive analytics and Power BI, reducing forecast bias and strengthening production planning.
- **Streamlined ERP Integration:** Supported Oracle ERP rollout across supply chain operations, boosting data accuracy and reducing order processing time by 24%.
- Built SQL- and Excel-based **inventory optimization models**, reducing carrying costs by 20% and improving stock turnover ratios.
- **Accelerated Procurement Throughput:** Executed Lean Six Sigma initiative to eliminate process waste, enhancing cycle times and enabling 50+ additional urgent request completions weekly.
- **Advanced Supply Chain Reporting:** Developed automated Power BI dashboards and monthly KPI reports, improving visibility and executive decision-making.
- Led freight optimization and carrier analysis, decreasing transportation costs by 12% while maintaining on-time delivery performance.

Projects

Inventory Optimization Initiative

- Led a company-wide inventory optimization project across 5 regional warehouses, implementing advanced forecasting models and inventory classification (ABC/XYZ).
- Reduced carrying costs by 18% while maintaining 98% service levels, resulting in improved cash flow and reduced stock obsolescence.

Lean Six Sigma Waste Reduction

- Led process improvement initiative using Lean Six Sigma methodologies, eliminating non-value-added activities and increasing operational efficiency by 25%.
- Conducted Lean Six Sigma analysis of procurement and inventory processes to identify bottlenecks and waste.
- Streamlined workflows that led to an 8% reduction in process cycle time and a 10% increase in purchasing efficiency.

Skills

- **Supply Chain Expertise:** Demand Forecasting, Inventory Management, Procurement & Sourcing, Logistics & Distribution, Supply Chain Optimization
- **Data Analysis & Tools:** Advanced Excel, SQL, Data Modeling, Statistical Analysis, ERP Systems (Oracle), Tableau, Power BI, R
- **Process Optimization:** Lean Six Sigma Principles, Process Improvement, Lead Time Reduction, Continuous Improvement, Waste Reduction
- **Cross-Functional Collaboration:** Team Coordination, Stakeholder Management, Communication, Collaboration with Procurement, Logistics & Production Teams
- **Technical Proficiency:** Supply Chain Software, Inventory Control Systems, Forecasting Tools, RFID & Barcode Systems, MRP
- **Analytical & Problem-Solving Skills:** Root Cause Analysis, Critical Thinking, Decision-Making, Complex Problem Solving
- **Project Management:** Project Coordination, Task Prioritization, Project Planning, Milestone Tracking
- **Industry Knowledge:** Supply Chain Trends, Compliance & Regulations, Market Research, Cost Reduction Strategies
- **Documentation & Reporting:** Report Generation, KPI Measurement, Dashboard Creation, Technical Documentation
- **Continuous Learning & Development:** Adaptability, Professional Development, Learning Agility, Staying Abreast of Best Practices

Education

Master of Science in Business analytics

Jan 2023 – Dec 2024

University of New Haven, USA

Bachelor of Technology in Electronics & Communication Engineering

Aug 2016 – May 2020

Sathyabama University, Chennai, Tamil Nadu India
