Summary

Results-driven data professional with 6+ years of experience delivering end-to-end analytics solutions, from data ingestion and transformation to modeling and reporting. Experienced in building and automating data pipelines, applying data quality and governance-lite practices, and enabling reliable, decision-ready insights. Strong hands-on expertise in SQL, Power BI, Tableau, and data modeling.

Technical Skills

Data & Analytics: Data Analysis, Exploratory Data Analysis (EDA), Data Visualization & Storytelling, Data Modeling (Dimensional / Analytical), Business Intelligence (BI)

Data Engineering & Pipelines: Data Ingestion & Transformation, ETL / ELT Pipelines, Incremental & Automated Loads, Data Quality & Validation, Governance-Lite & Observability

Programming & Querying: SQL, Python (Data Processing & Automation)

BI & Analytics Tools: Power BI, Tableau, Excel

Data Platforms & Warehouses: Microsoft Fabric (Lakehouse, Pipelines, Notebooks, Warehouses), Snowflake, Databricks

Experience

Navy Federal Credit Union | Vienna, VA

Data Analyst | Business Intelligence Analyst

06/2023 – Present

- Built end-to-end data warehousing and analytics solutions using Microsoft Fabric Lakehouse (Delta) and Medallion architecture (Bronze/Silver/Gold).
- Automated incremental data ingestion and transformation using pipelines and notebooks, incorporating parameterized loads and data quality rules.
- Implemented governance-lite observability controls including load timestamps, volume checks, and run logging to detect incomplete or stale data.
- Developed a unified data model and centralized reporting solution for the Real Estate Lending department, integrating multiple data sources and saving an estimated 76,000 hours annually.
- Leveraged Microsoft Copilot across Power BI, Excel, and Teams to streamline analysis and improve reporting efficiency.

Nike | Beaverton, OR

Data Analyst | Tableau Developer | ETL Developer

05/2022 – 06/2023

- Revamped reporting processes by automating Excel-based reports with Tableau, reducing manual effort by 80%.
- Developed and deployed Tableau dashboards for HR and Learning & Development teams, enabling real-time training and engagement tracking.
- Performed data preparation and cleansing using Tableau Prep and Alteryx.
- Created complex DAX measures to support advanced calculations and KPI logic in analytics reports.

Verizon | Silver Spring, MD
Business Analyst | Data Analyst
06/2019 – 04/2022

- Owned and maintained Tableau KPI dashboards for the FP&A team, delivering actionable insights that saved 15 hours weekly for 32+ staff.
- Developed complex SQL queries using CTEs and stored procedures to support ad hoc and operational reporting.
- Led an offshore data validation initiative, achieving 99.9% accuracy and on-time delivery.

Education and Training

Stratford University | Falls Church, Virginia, US
M.Sc. in Computer Information Systems

Certifications

Business Analytics: From Data to Insights - Wharton Business School, University of Pennsylvania - 11/2022
Tableau Certified Data Analyst - Tableau - 10/2023
Safe and Responsible AI in the Workplace – Internal training focused on ethical AI application and compliance (2025)
Microsoft Certified Power BI Data Analyst (PL-300) - 10/2025
