

Rana Ghazzi

Business Intelligence Analyst

Leesburg, VA 20176 | 202-630-3630 | Rana@Ghazzi.com | [LinkedIn](#)

EDUCATION

Harvard Business School
Business Analytics

Northern Virginia Community
College
Information Technology

Damascus University
Bachelor's Degree

CERTIFICATION

Harvard Business School
Business Analytics
March, 2021

Certified Databricks Associate
Engineer
September, 2025

Certified Tableau Desktop Specialist
February, 2022

Python Institute - PCEP Certified
Python Programmer
January, 2022

TECHNICAL SKILLS

Data Visualization
Data Integration
Data Cleaning
Data Modeling
Statistical Analysis
ETL / ELT

SOFTWARES:

Tableau Desktop
Tableau Prep
Tableau Public
Power BI
Databricks
Excel
Power Query/ Pivot Table
Crystal Report

Summary:

Results-driven Business Intelligence Analyst with 8+ years of experience in data mining, statistical analysis, and data visualization. Passionate about uncovering hidden patterns to drive data led decision making and solving complex business challenges.

Key strengths and achievements:

- Designed, developed, and delivered interactive dashboards and reports using Tableau Desktop, Tableau Server, and other BI tools.
- Architected and optimized data connections, extracts, and automated schedules, enabling reliable weekly and monthly dashboard refreshes on Tableau Server.
- Improved report performance by tuning derived tables and join structures; published dashboards to Tableau Server and embedded them in portals.
- Implemented external, internal, and context filters to significantly boost performance.
- Leveraged data blending, grouping, and calculated fields to facilitate robust data comparison and analysis.
- Managed security and access control by creating user groups and applying row- and column-level security at the application, folder, and user levels.

WORK EXPERIENCE

Data Engineer May 2025

DEV Technology

- Conducted comprehensive data analysis to identify trends, patterns, and insights, and created detailed reports to support business decision-making processes.
- Designed and maintained ETL (Extract, Transform, Load) processes to ensure data accuracy and integrity across various business intelligence systems
- Developed interactive dashboards using tools like Tableau and Power BI to visualize key performance indicators (KPIs) and metrics for various business needs.

Data Analyst Jan 2023 - June 2024

PCI-GS

- Utilized SQL queries to analyze complex data, improving data forecast accuracy by 20%
- Extracted, transformed, and analyzed large datasets from multiple

sources.

- Coordinated with cross-functional teams to ensure data accuracy and consistency, enhancing the overall data collection system.
- Conducted thorough data cleaning, eliminating inaccurate data points and enhancing the overall data integrity.
- Developed complex SQL queries using stored procedures, common table expressions (CTE).
- Explored data and discovered patterns, meaningful relationships, anomalies, and trends.
- Analyzed and evaluated data for the purposes of quality assurance.
- Created calculated fields to interact with parameters dynamically to visualize the data on the fly.
- Worked on Business Intelligence standardization to create database layers to develop various reports.

Business Intelligence Analyst - Jan 2012- Dec 2022

Consulting Domain LLC

- Developed and maintained dashboards and reports to monitor key performance indicators and track progress against goals.
- Collaborated with cross-functional teams to identify opportunities for process improvement and cost savings.
- Conducted ad-hoc analyses to address specific business questions and provide data-driven recommendations.
- Participated in the development and implementation of a data governance framework to ensure data quality and consistency.
- Created visualizations using Tableau Desktop /Power BI desktop
- Analyzed Datasets by identifying patterns, the correlation between different variables, and extracting meaningful insights.
- Generated insights and recommendations and presented findings in reports, and interactive dashboards.

VOLUNTEER EXPERIENCE:

Federal Language Consultant March 2022-Present

National Language Service Corps (NLSC)

Interpreter/Translator, pro bono 2010–2020

Legal Services of Northern Virginia (LSNV)
