PROFESSIONAL SUMMARY

Aspiring Data Scientist with strong expertise in Machine Learning, Data Analytics, and Python. Experienced in building end-to-end data pipelines including data preprocessing, feature engineering, model training, and deployment. Skilled in predictive modeling and transforming complex datasets into actionable insights for data-driven decision-making.

TECHNICAL SKILLS

- **Languages:** Python
- **Libraries & Frameworks:** Pandas, NumPy, Matplotlib, Scikit-Learn
- **Machine Learning:** Regression, Classification, Predictive Modeling, Model Evaluation
- **Data Visualization:** Power BI, Tableau
- **Databases:** MySQL, PostgreSQL
- **Tools:** Git, GitHub, Streamlit
- **Core Concepts:** EDA, Data Cleaning, Feature Engineering, Statistical Analysis

PROJECTS

Pharma Demand Forecasting AI

[GitHub Link](#)

- Designed an end-to-end machine learning pipeline: data preprocessing → feature engineering → model training → prediction.
- Built a predictive model using Random Forest algorithm to forecast medicine demand.
- Improved model performance achieving 87% accuracy.
- Deployed the solution using Streamlit for real-time prediction and user interaction.

COVID-19 Healthcare Data Analysis

- Processed and analyzed real-world healthcare datasets to identify trends and patterns.
- Performed statistical analysis and data transformation to extract meaningful insights.
- Visualized key findings using Python-based visualization tools.

IPL Data Analysis & Dashboard

- Conducted exploratory data analysis to evaluate team performance and player statistics.
- Identified key performance indicators (KPIs) and trends across seasons.
- Designed interactive dashboards using Power BI with filters and visual storytelling.

EXPERIENCE

Data Analytics Intern

SMKCG Pvt. Ltd., Nashik

Dec 2025 – Feb 2026

- Performed data preprocessing, transformation, and exploratory analysis on structured datasets.
- Utilized Pandas, NumPy, and Matplotlib for data analysis and visualization tasks.
- Worked on real-world projects to derive insights supporting business decisions.
- Collaborated with team members demonstrating analytical and problem-solving skills.

EDUCATION

B.E. Artificial Intelligence & Data Science

Savitribai Phule Pune University

2023 – 2027

CERTIFICATIONS

- Data Analytics – Technokraft Training & Solution Pvt. Ltd.
- Data Analytics with Python Internship – SMKCG Pvt. Ltd. (2026)

LANGUAGES

English, Hindi, Marathi
